characters into other media For decades creators have challenged this regime demanding either shares of profits or outright ownership of their creations Now that the duopoly rents licenses and adapts superheroes for increasingly expensive franchises and for growing international audiences any challenge to intellectual property relations threatens a production regime worth billions of dollars Duopoly movies therefore present any attempt to break the superhero s monopoly on their powers as the scheme of terrorists mad scientists or space Nazis assuaging studio anxieties and revealing the fears of those who benefit most from the real world ownership of superheroes Weaving together legal analysis Marxist political economy and close readings of movies Copyright Vigilantes explains the preoccupations of Hollywood s leading genre **The Golden**
