### **Nice Book New Asceticism Sarah Coakley:**

*The New Asceticism* Sarah Coakley, 2015-11-05 Sarah Coakley draws both liberal and conservative camps into a new and serious reflection on ascetical theology. Each chapter of *The New Asceticism* concentrates on a contentious issue in contemporary theology: the role of women in the churches, homosexuality and the priesthood, celibacy and the future of Christian asceticism in an original thesis about the nature of desire which may start to heal many contemporary wounds. Professor Coakley is as familiar with the Bible and the Early Fathers as she is with the writings of Freud and Jung and she draws heavily on Gregory of Nyssa's theology of desire in what she proposes. She points the way through the false modern alternatives of repression and libertinism, agape and eros, recovering a way in which desire can be freed from associations with promiscuity and disorder and forging a new ascetical vision founded in the disciplines of prayer and attention.

**Aquinas's Eschatological Ethics and the Virtue of Temperance** Matthew Levering, 2019-11-15 Matthew Levering offers a biblical and Thomistic portrait of the cardinal virtue of temperance and its allied virtues in dialogue with an ecumenical range of theologians and scholars. In *Aquinas's Eschatological Ethics and the Virtue of Temperance* Levering argues that Catholic ethics make sense only in light of the biblical worldview that Jesus has inaugurated the kingdom of God by pouring out his spirit. Jesus has made it possible for us to know and obey God's law for human flourishing as individuals and communities. He has reoriented our lives toward the goal of beatific communion with him in charity which affects the exercise of the moral virtues that pertain to human flourishing. Without the context of the inaugurated kingdom, Catholic ethics as traditionally conceived will seem like an effort to find a middle ground between legalistic rigorism and relativistic laxism which is especially the case with the virtue of temperance, the focus of Levering's book. After an opening chapter on the eschatological biblical character of Catholic ethics, the ensuing chapters engage Aquinas's theology of temperance in the *Summa theologiae* which identifies and examines a number of virtues associated with temperance. Levering demonstrates that the theology of temperance is profoundly biblical and that Aquinas's theology of temperance relies for its intelligibility upon Christ's inauguration of the kingdom of God as the graced fulfillment of our created nature. The book develops new vistas for scholars and students interested in moral theology.

**Singleness and Marriage after Christendom** Lina Toth, 2021-07-28 Momentous change is taking place in Western societies and churches Singleness is on the rise along with growing interest in different pathways to human happiness However we still largely consider coupledness as the norm and a symbol of the good life This is especially true in the Christian context where the decline of traditional marriage and family patterns is often presented as an erosion of the Christian way of

living Yet when the church was very young the world was also very concerned with the demise of traditional family ways but the culprits accused of destroying family values were none other than Christians A considerable number of them willingly chose to forego marriage embracing Jesus's vision of a new kind of a family the church This book follows the changes in the practice of marriage and singleness from those early days of the Christian movement to our modern preoccupation with romance and coupledness as essential ingredients of a happy fulfilled life It argues that the current surge in the number of single people is actually an opportunity for us to reconsider both singleness and marriage in the larger context of a community of faith

**Indian Asceticism** Carl Olson, 2015 Throughout the history of Indian religions the ascetic figure is most closely identified with power A byproduct of the ascetic path power is displayed in the ability to fly walk on water or through dense objects read minds discern the former lives of others see into the future harm others or simply levitate one's body These tales give rise to questions about how power and violence are related to the phenomenon of play Indian Asceticism focuses on the powers exhibited by ascetics of India from ancient to modern time Carl Olson discusses the erotic the demonic the comic and the miraculous forms of play and their connections to power and violence He focuses on Hinduism but evidence is also presented from Buddhism and Jainism suggesting that the subject matter of this book pervades India's major indigenous religious traditions The book includes a look at the extent to which findings in cognitive science can add to our understanding of these various powers Olson argues that violence is built into the practice of the ascetic Indian Asceticism culminates with an attempt to rethink the nature of power in a way that does justice to the literary evidence from Hindu Buddhist and Jain sources

**Religious Intimacies** Mary Dunn, Brenna Moore, 2020-11-03 An essay collection that demonstrates how emotional ties and intimate affiliations remain critical to the dimensions of modern Christianity Scholars of religion have come a long way since William James famously made of religion a matter between man and his maker For decades now they have been attentive to the ways in which religion takes shape as the product of broad social forces focusing on the dynamics of power and culture as heuristics for understanding religious phenomena and experience What however might they be missing by moving too quickly from one interpretative extreme to the other and what might we learn about religion by staying in the interstitial space between the individual in her solitude and society as a whole Religious Intimacies edited by Mary Dunn and Brenna Moore brings together nine scholars of modern Christianity to probe this in between space In essays that range from treatments of Jesuit indigenous relations in early modern Canada to the erotics of contemporary black theology each contributor makes the case for the study of the presence and power of affective ties and relational dynamics between friends lovers and intimate others even things as vital to the understanding of religion These thoughtful and probing essays convincingly show that ties built upon affect family and shared convictions have continued to inform lived religious experience in modern times and shape western Christianity in significant sometimes surprising ways
