

Chapter 19 Guided Notes Answer Key

Human Geography of Africa: From Human Beginnings to New Nations

- Africa is the “Cradle of Humanity” and has been home to numerous empires. But today, its people’s lives are most affected by Africa’s colonial history.

Section 1: East Africa

- East Africa is known as the “cradle of humanity.”
- East Africa’s location has made it a trading center.

Continental Crossroads

- **Cradle of Humanity**
 - Prehistoric human remains were found in Olduvai Gorge, Tanzania.
- **A Trading Coast**
 - This region includes Burundi, Djibouti, Eritrea, Ethiopia, Kenya, Rwanda, Seychelles, Somalia, Tanzania, and Uganda
 - In A.D. 100s, the Ethiopian civilization of Aksum traded with Egypt and Rome
 - In 600s, Arabs, Persians, and Indians traded in this region as well.
 - The important Tanzanian trading city of Kilwa flourished during this time.
 - This area became a cultural crossroads of goods, ideas, and people.

Colonization Disrupts Africa

- **Scramble for Africa**
 - 19th-century Europeans sought African resources to use to build up their own economies.
 - In 1884–85 the Berlin Conference divided Africa between European nations; African input wasn’t asked for.
- **Ethiopia Avoids Colonization**
 - Emperor Menelik II protected Ethiopia from an Italian invasion in 1896.
- **Conflict in East Africa**
 - Independent by 1970s, many countries suffered civil wars, and disputes.
 - Colonial boundaries mixed ethnic groups, and lead to internal conflicts.

Farming and Tourism Economies

- **Farming in East Africa**
 - Countries grew cash crops for direct sale (coffee, tea, sugar).
 - Such crops took up farmland needed for growing food.
 - People left farms for cities like Addis Ababa, the capital of Ethiopia.
 - Rapid urban growth strained resources, and agricultural production.
- **Tourism Creates Wealth and Problems**
 - Wildlife parks in Kenya, Uganda, and Tanzania attract tourists, and income.
 - The need for food, and farmland is threatening wildlife reserves.

, Africa's Newest Nation United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Africa, Global Health, and Human Rights, 2011 The New Nation Henry Eardley Stephen Fremantle, 1909 **A New Nation Is Born** Moehl Mitchell, 1971-09-01 Color overheads included A New Nation Is Born contains 12 full color transparencies 28 reproducible pages including five pages of test material and a richly detailed teacher's guide Among the topics covered in this volume are disunity among the states in the aftermath of the Revolutionary War recognition of the need for a different governing document the drafting and signing of the Constitution and the Bill of Rights the differences in political opinion between Thomas Jefferson and Alexander Hamilton and the development of political parties **Fifty-Five Questions for Skeptics** Andrew Bernhardt, 2025-09-09 Strong evidence abounds for the existence of God and the inspiration of the Bible If you're an atheist much of this evidence is not even on your radar This workbook can point you to one such area of evidence so you can research it in detail and come to an intelligent conclusion The book was written as follows It begins with an apparently outlandish biblical claim followed by a series of straight forward unbiased questions you can use to prove or disprove the claim No answers are fed to you The questions are not worded in such a way as to try to sway your answer apart from where your research leads You provide your own answers and your final conclusion based only on your own research Other apologetics books rely on philosophical or logical arguments or they provide answers from second or third hand sources that you may not trust This book relies only on real world objective evidence that you investigate and prove using purely secular means No information is fed to you You are free to use any method source or tool you trust to do your research subject matter experts first hand experience magazines news articles internet encyclopedias artificial intelligence etc Since the book is about testing Bible claims you have to read various scripture passages You may do so in any Bible of your choosing No interpretation or commentary is provided because the meanings are obvious you are intelligent enough to interpret them on your own Since it is fair to demand only hard evidence for the existence of God it is also fair to only allow hard evidence against His existence Therefore all answers to the questions must be backed up by secularly acknowledged or personally investigable evidence Any theory with no evidential support is not allowed After doing the research and answering the questions you are free to accept or reject the claim based solely on the evidence you have found The questions are suitable for research by an individual or a group The questions work whether you sincerely want to know the truth or you want to disprove it This book begins with a seemingly ridiculous and unprovable claim that God restored the nation of Israel in 1948 as He promised in Bible prophecies written thousands of years earlier These prophecies also predicted in detail what the conditions would be like in the restored nation The questions test the claim to see if it is true or false They are also used to calculate the combined mathematical probability of all of the fulfillments to show they didn't happen by chance This claim was chosen to show the following skeptical objections do not apply The prophecies were written after the events happened

The prophecies were written vaguely They can be interpreted to mean anything The fulfillments were coincidental the result of random chance The prophecies were purposely fulfilled to make the Bible seem true The Bible writers lied about the fulfillments If you re an atheist I challenge you to take a look at the book do the research and give honest answers to the questions You can only refute the claim if you do the research 2025 Edition This edition adds an appendix containing AI chatbot GROK s unedited answers and reasonings to the first eleven questions These questions are non theological in nature and based on unbiased sources This is the only AI content in the book and it is provided for the convenience of those who are unable to research the answers on their own You are free to verify the answers by asking GROK yourself asking some other AI chatbot the questions or you can ignore the appendix altogether Andrew Bernhardt
