Lindsay Coleman,Carol Siegel,2018-03-12 As many critics and theorists have noted non pornographic films documentaries and quality television series have increasingly included explicit sex scenes since the 1990s some of such scenes featuring the performance of actual sex acts The incidence of sex in narratively powerful resonant visual media can no longer be dismissed as a trend What was once an aesthetic weapon in the arsenal of provocateurs is now frequently integrated seamlessly into the mise en scene and exposition of widely viewed and culturally significant films and television series *Intercourse in Television and Film The Presentation of Explicit Sex Acts* analyzes the aesthetic and narrative contexts for the visual media presentation of the sexual act both those which are non simulated and those which are explicit to that point that their simulation is brought into question by the viewer In this book questions involving the performance choices of actors the framing and editing of the sex act and the director s attempts at integrating sexuality into the overall narrative structure as well as their effects are explored *International Film Festivals* Tricia Jenkins,2018-09-20 More than 5 000 film festivals take place globally and many of these have only been established in the last two decades *International Film Festivals* collects the leading scholarship on this increasingly prominent phenomenon from both historical and contemporary perspectives using diverse methods including archival research interviews and surveys and drawing widely from fields like sociology urban studies and film criticism to patent technology and history With contributors from across the world and covering the major festivals Cannes Venice Toronto Berlin as well as niche genre and online film festivals this book is an authoritative and exemplary guide to the evolution of these key sites for film distribution exhibition and reception Chapters unravel topics such as the relationship between corporations and festivals the soft power function they can perform for their host nations and the changing identities of audiences on arrival at and during exploration of a given festival venue Tricia Jenkins edited volume reconceives the film festival for the global digital age whilst drawing out its historic importance and ultimately makes a major intervention in film festival studies as well as film and cultural studies more widely *Queer Representation, Visibility, and Race in American Film and Television* Melanie Kohnen,2015-11-06 This book traces the uneven history of queer media visibility through crucial turning points including the Hollywood Production Code era the AIDS crisis of the 1980s the so called explosion of gay visibility on television during the1990s and the re imagination of queer representations on TV after the events of 9 11 Kohnen intervenes in previous academic and popular accounts that paint the increase in queer visibility over the past four decades as a largely progressive development She examines how and why a limited and limiting concept of queer visibility structured around white gay and lesbian characters in committed relationships has become the embodiment

of progressive LGBT media representations She also investigates queer visibility across film TV and print media and highlights previously unexplored connections such as the lingering traces of classical Hollywood cinema's queer tropes in the X Men franchise Across all chapters narratives and arguments emerge that demonstrate how queer visibility shapes and reflects not only media representations but the real and imagined geographies histories and people of the American nation

Turning the Page David R. Coon, 2018-07-11 First runner up for the 2019 John Leo and Dana Heller Award from the Popular Culture Association Surprisingly Hollywood is still clumsily grappling with its representation of sexual minorities and LGBTQ filmmakers struggle to find a place in the mainstream movie industry However organizations outside the mainstream are making a difference helping to produce and distribute authentic stories that are both by and for LGBTQ people Turning the Page introduces readers to three nonprofit organizations that in very different ways have each positively transformed the queer media landscape David R Coon takes readers inside In the Life Media whose groundbreaking documentaries on the LGBTQ experience aired for over twenty years on public television stations nationwide Coon reveals the successes of POWER UP a nonprofit production company dedicated to mentoring filmmakers who can turn queer stories into fully realized features and short films Finally he turns to Three Dollar Bill Cinema an organization whose film festivals help queer media find an audience and whose filmmaking camps for LGBTQ youth are nurturing the next generation of queer cinema Combining a close analysis of specific films and video programs with extensive interviews of industry professionals Turning the Page demonstrates how queer storytelling in visual media has the potential to empower individuals strengthen communities and motivate social justice activism

The Routledge Encyclopedia of Film Theory Edward Branigan, Warren Buckland, 2013-12-04 The Routledge Encyclopedia of Film Theory is an international reference work representing the essential ideas and concepts at the centre of film theory from the beginning of the twentieth century to the beginning of the twenty first When first encountering film theory students are often confronted with a dense interlocking set of texts full of arcane terminology inexact formulations sliding definitions and abstract generalities The Routledge Encyclopedia of Film Theory challenges these first impressions by aiming to make film theory accessible and open to new readers Edward Branigan and Warren Buckland have commissioned over 50 scholars from around the globe to address the difficult formulations and propositions in each theory by reducing these difficult formulations to straightforward propositions The result is a highly accessible volume that clearly defines and analyzes step by step many of the fundamental concepts in film theory ranging from familiar concepts such as Apparatus Gaze Genre and Identification to less well known and understood but equally important concepts such as Alain Badiou's Inaesthetics Gilles Deleuze's Time Image and Jean Luc Nancy's Evidence The Routledge Encyclopedia of Film Theory is an ideal reference book for undergraduates of film studies as well as graduate students new to the discipline

Gender and Genre in 1990s Hollywood Patricia Di Risio, 2024-11-14 The 1990s was a decade of significant turmoil in Hollywood cinema which resulted in a watershed moment in the interplay of

gender and genre Patricia Di Risio argues that cinematic representations of unconventional women had an important effect on traditionally male oriented genres such as the crime thriller road movie western film noir war film sci fi and horror Di Risio analyses seven key films from the decade including *Blue Steel* 1990 *Thelma Louise* 1991 *The Quick and the Dead* 1995 *Bound* 1996 *Jackie Brown* 1997 *G.I. Jane* 1997 and *Alien Resurrection* 1997 paying particular attention to their use of irony allusion and pastiche She highlights how their female protagonists a majority of whom are decidedly queer or gender questioning personas produce an intense crossover in genre conventions largely driven by their gender rebellion She examines how a deconstruction of gender simultaneously allows genre hybridity and intertextuality taking these films into unexpected new directions In doing so she delineates a clear line between the unconventional nature of the representation of the female protagonists and innovative changes to genre filmmaking practices
