Ni Victimas Ni Verdugos:

Crosses of Memory and Oblivion Miguel Ángel del Arco Blanco, 2023-07-31 This book explores the history and legacy of monuments to the fallen from the Francoist side in the Spanish Civil War. Del Arco Blanco studies thousands of monuments in towns and cities across Spain to provide a detailed account of the history and memory of the civil war. Francoism and the transition to democracy. Chapters in the book focus on the myth of those said to have fallen for God and for Spain, a phrase that encapsulated and shaped the dichotomy between good and bad Spaniards. They also focus on the use of monuments to control political and ideological ideals and to legitimise the Francoist dictatorship. Further chapters study Spanish society's struggle to deal with its past of mass killing, denial and exclusion. Del Arco Blanco also pays attention to the way the Francoist authorities used monuments and memory for their political and ideological advantage and to control people power as well as the political agenda. The book draws on extensive research to reconstruct both the specific history of monuments scattered throughout the country and their role within manipulative Francoist memory of the Spanish Civil War. In these ways, monuments helped shape the Francoist narrative and memory but they also became part of the landscape of contemporary Spanish history. This book is an excellent resource for postgraduate students and professional researchers studying the aftermath of the Spanish Civil War and the influence of monuments on the construction of national memory culture and society in Spain both at the time and through to the present day.

Albert Camus, El Rebelde Existencial Carlos Tena Sanchez, 2012-09 Albert Camus El Rebelde Existencial En la clase de Filosofía Contemporánea tuve oportunidad de leer a Albert Camus pensador francés y premio Nobel de literatura. Su pluma me cautivó desde un inicio. En esencia dice: el problema más importante de la Filosofía es descubrir el Sentido de la Vida y ayudar a otros a develarlo y existir auténticamente con base en él. La carencia de este sentido lleva al ser humano a la desesperanza, el vacío, la depresión, las adicciones y finalmente a la muerte. Albert Camus el Rebelde Existencial murió a edad temprana pero en camino de tener un Encuentro con el misterio que da sentido transcendente a nuestras limitadas y complejas vidas sobre la Tierra. Mi esperanza ha sido que justo en el momento de su muerte La Voz se develara a sus oídos diciéndole amorosa y firmemente: El Sentido existe el Sentido. Soy Yo y Yo soy tú. Carlos Tena Sánchez

Patterns of Violence Behind the Lines in Europe's Civil Wars Francisco J. Leira-Castiñeira, John Sakkas, 2025-09-30

This edited collection examines the violence experienced by non combatants during the civil wars which took place in Europe in the first half of the twentieth century. The determinants of violence in civil wars are highly complex and variable. By focusing on both the victims and perpetrators of violence in eight European countries including Russia Ireland France and Spain the book explores what happened when differing groups within a polity clashed and in which ways internal conflicts manifested themselves and permeated societies. Divided into two parts the chapters firstly identify and analyse how rearguard violence was produced and exercised during the European civil wars and secondly they examine the violence perpetrated by and against women. Shedding light on the violence that was inflicted upon European civilians in the early to mid twentieth century this book presents insights for historians of Europe political scientists and international relations scholars alike.

Sites of Violence and Memory in Modern Spain Antonio Míguez Macho, 2021-10-21 In this sophisticated study Antonio Míguez Macho and his team of expert scholars explore the connections between violence and memory in modern Spain. Most importantly for a nation with an uncomfortable relationship with its own past this book reveals how sites of violence also became sites of forgetting. Centred around places of violence such as concentration camps and military courts where prisoners endured horrific forced labour and were sentenced to death this book looks at how and why the history of these sites were obscured. Issues addressed include how Guernica came to represent Francoist front line brutality and so concealed violence behind the lines the need to preserve drawings made by concentration camp inmates that record a history the regime hoped to silence the contests over plaques and monuments erected to honour victims and the ways forging a historical record through human rights cases helps shape a new collective memory. Shining a spotlight on these important topics for the first time this book provides a new perspective on one of the major issues of 20th century Spanish history the history and memory of Francoist violence. As such *Sites of Violence and Memory in Modern Spain* is an invaluable resource for all scholars of modern Spain memory culture and public history.

La noche de la verdad Albert Camus, 2021-01-21 Los textos que dieron a conocer al premio Nobel Albert Camus y le hicieronemerger como un líder moral e intelectual. En esta noche sin igual concluyen cuatro años de una guerra monstruosa y de una lucha indecible en la que Francia bregaba con su vergüenza y su rabia. Quienes nunca perdieron la esperanza ni en sí mismos ni en su país hallan bajo este cielo su recompensa. Esta noche vale sobradamente un mundo es la noche de la verdad. En 1944 Albert Camus ya había publicado *El extranjero* y *El mito de Sísifo* pero fueron sus artículos en *Combat* los que lo dieron a conocer y le hicieronemerger como un líder moral e intelectual. Entre el otoño de 1943 y junio de 1947 fue redactor jefe y editorialista de este periódico de la Resistencia. Escribir libremente crear obras artísticas sin seguir los canones establecidos o informar objetivamente fueron actividades de alto riesgo en los países comunistas. Escritores y artistas bajo el comunismo es un libro único en el mundo una historia del socialismo totalitario a través de las vivencias y las obras de los escritores intelectuales, periodistas, músicos, pintores, cineastas y artistas de todo tipo que sufrieron la represión de los regímenes comunistas. Bien porque sus obras no exaltaban los éxitos del comunismo o porque no se ajustaban al canon literario y artístico del partido bien por su carácter crítico respecto al sistema por reclamar libertad, democracia y respeto a los derechos humanos o simplemente porque aquellos creadores cayeron en desgracia. Esta obra cubre todos los países en los que hubo o hay regímenes comunistas o afines. A través de las vivencias y obras de estos escritores y artistas personas con nombres y apellidos se pretende recordar también a los millones de seres humanos olvidados que sufrieron esa misma represión. No menos importante este libro muestra cómo en Occidente muchos de sus homólogos negaron o justificaron las violaciones de los derechos humanos en los países comunistas para no minar la causa revolucionaria y criticaron e hicieron el vacío a quienes lo denunciaron como los Nobel de Literatura Camus, Milosz o Vargas Llosa; Orwell, Koestler, Cabrera Infante y Victor Serge entre tantos otros. Como dijo Jrushov tras los acontecimientos de 1956: Si se hubiera matado a tiempo a una decena de escritores habría tenido lugar
