On Niccolò Machiavelli Gabriele Pedullà, 2023-10-17 Five hundred years after his death Niccol Machiavelli still draws an astonishing range of contradictory characterizations Was he a friend of tyrants An ardent republican loyal to Florence s free institutions The father of political realism A revolutionary populist A calculating rationalist A Renaissance humanist A prophet of Italian unification A theorist of mixed government A forerunner to authoritarianism The master of the dark arts of intrigue This book provides a vivid and engaging introduction to Machiavelli s life and works that sheds new light on his originality and relevance Gabriele Pedull a leading Italian expert and acclaimed writer offers fresh readings of the Florentine thinker s most famous writings *The Prince* and *the Discourses on Livy* as well as lesser known texts A new and often surprising Machiavelli emerges one closer to his time but also better suited to inform our own Pedull s portrait of Machiavelli highlights his close attention to social and emotional bonds staunch opposition to oligarchy keen awareness of the economic side of power dynamics and strong preference for history over philosophy as a guide for leaders This book recovers the excitement Machiavelli roused in his first readers for a twenty first century audience capturing his capacity to provoke both then and now with unconventional ideas and startling insights

Discourses on Livy Niccolò Machiavelli,2021-10-14 Discourses on Livy Niccolo Machiavelli Discourses on Livy 1531 is as essential to an understanding of Machiavelli as his famous treatise The Prince Equally controversial it reveals his

fundamental preference for a republican state Comparing the practice of the ancient Romans with that of his contemporaries provided Machiavelli with a consistent point of view in all his works Machiavelli's close analysis of Livy's history of Rome led him to advance his most original and outspoken view of politics the belief that a healthy body politic was characterized by social friction and conflict rather than by rigid stability His discussion of conspiracies in Discourses on Livy is one of the most sophisticated treatments of archetypal political upheaval ever written In an age of increasing political absolutism Machiavelli's theories became a dangerous ideology

An Analysis of Niccolo Machiavelli's The Prince Riley Quinn, Ben Worthy, 2017-07-05 How should rulers rule What is the nature of power These questions had already been asked when Niccol Machiavelli wrote The Prince in 1513 But what made his thinking on the topic different was his ability to interpret evidence to look at old issues and find new meaning within them Many of Machiavelli's contemporaries thought that God would make sure morality was rewarded To these people it was inevitable that ethical individuals would enjoy success in this world and attain paradise in the next Machiavelli was not so sure He used the evidence of history to prove that people who can lie cheat and murder tend to succeed Machiavelli concluded that three main factors affect a political leader's success or failure In doing so he reached an entirely new understanding of the meaning of his evidence Machiavelli argued that behaving in a moral way actually hinders a ruler If everyone acted morally he reasoned then morals would not be a disadvantage But in a world in which leaders are willing to be ruthless a moral leader would make both themselves and their state vulnerable Machiavelli's novel interpretation posits that morals can make a leader hesitate and this could cost them and the citizens they are responsible for everything
