**Jacques Lefèvre d'Etaples and the Three Maries Debates** Jacques Lefèvre D'Etaples, 2009 The Three Maries pamphlets published in Paris by the celebrated humanist scholar Jacques Lefèvre d'Etaples appeared between 1517 and 1519 and are virtually his only venture into independent authorship These four short Latin texts investigated the traditions of the Magdalen and the sisters of the Virgin and the calculation of the triduum or three days and nights between the Crucifixion and the Resurrection Written in a spirit of profound piety they nevertheless challenged notions of authority and powerful established devotional cults at the very moment when Luther was mounting his own challenge to orthodoxy and gave rise to a high profile controversy which anticipated the response to Luther This edition presents Lefèvre's Latin texts together with an English translation and an extensive introduction which situates the controversy in its contemporary cultural context and thus throws new light on Lefèvre's exegesis and his distinctive Christian humanism Latin and English text Io. in the question of immortality before the 16th century boom in Aristotelian translations In particular Papiernik sheds light on the treatises of Agostino Dati Leonardo Nogarola Antonio degli Agli and Giovanni Canali all of which have until now been overlooked in modern scholarship From Dati s critiques of ancient and existing positions to Agli s study of immortality and its relation to the metaphysics of light this volume investigates not only how wide ranging the debate was but also the important impact it had on later philosophical thinking Deftly combining close reading with a broad intellectual survey and including two editions of unpublished primary texts *Philosophies of the Afterlife in the Early Italian Renaissance* provides a crucial insight into the development of early Renaissance Platonism and philosophy of religion *Die Inkunabeln der*
