**Make-Believe** Sonia Sedivy,2021-06-06 This is the first collection of essays focused on the many faceted work of Kendall L Walton Walton has shaped debate about the arts for the last 50 years He provides a comprehensive framework for understanding arts in terms of the human capacity of make believe that shows how different arts visual photographic musical literary or poetic can be explained in terms of complex structures of pretense perception imagining empathy and emotion His groundbreaking work has been taken beyond aesthetics to address foundational issues concerning linguistic and scientific representations for example about the nature of scientific modelling or to explain how much of what we say is quite different from the literal meanings of our words Contributions from a diverse group of philosophers probe Walton s detailed proposals and the themes for research they open The essays provide an overview of important debates that have Walton s work at their core This book will be of interest to scholars and graduate students working on aesthetics across the humanities as well as those interested in the topic of representation and its intersection with perception language science and metaphysics The

Time Machine Herbert George Wells,2003-07-30 While testing his new invention a man is transported over 800 000 years into the future New York Magazine ,1992-08-03 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *Donna Summer's Once Upon a Time* Alex Jeffery,2021-05-06 Contradicting assumptions that

disco albums are shallow and packed with filler Donna Summer s double album Once Upon A Time stands out as a piece that delivers on its promise of an immaculately crafted journey from start to finish A new interpretation of the Cinderella story it is set in the then contemporary world of New York disco and takes the listener on a journey from urban isolation and deep despair to joy and vindication all filtered through the mind of its na ve and fantasy prone protagonist As well as charting the production of the album within the legendary Munich Machine in Germany this book digs deep into the album s rich themes and subtexts Approaching the book from inventive angles the four essays within the book act as a prism connecting the reader to the classical aspirations of Eurodisco the history of the black fairy tale and a queer knowledge that reads Summer s Cinderella tale in some surprising ways *Time Machine Tales* Paul J. Nahin,2016-12-24 This book contains a broad overview of time travel in science fiction along with a detailed examination of the philosophical implications of time travel The emphasis of this book is now on the philosophical and on science fiction rather than on physics as in the author s earlier books on the subject In that spirit there are for example no Tech Notes filled with algebra integrals and differential equations

as there are in the first and second editions of TIME MACHINES Writing about time travel is today a respectable business It hasn't always been so After all time travel prima facie appears to violate a fundamental law of nature every effect has a cause with the cause occurring before the effect Time travel to the past however seems to allow indeed to demand backwards causation with an effect the time traveler emerging into the past as he exits from his time machine occurring before its cause the time traveler pushing the start button on his machine's control panel to start his trip backward through time Time Machine Tales includes new discussions of the advances by physicists and philosophers that have appeared since the publication of TIME MACHINES in 1999 examples of which are the chapters on time travel paradoxes Those chapters have been brought up to date with the latest philosophical thinking on the paradoxes
