**Transit Center, New York, New York, Section 4(f) Evaluation** , 2004 [Gothic Pride](#) Brian Regan, 2012-08-02 Newark s Cathedral Basilica of the Sacred Heart is one of the United States greatest cathedrals and most exceptional Gothic Revival buildings Rising from Newark s highest ground and visible for miles it spectacularly evokes its historic models Gothic Pride sets Sacred Heart in the context of American cathedral building and blending diverse fields accounts for the complex circumstances that produced it Calling upon a wealth of primary sources Brian Regan describes in a compelling narrative the cathedral s almost century long history He traces the project to its origins in the late 1850s and the great expectations held by the project s prime movers all passionate about Gothic architecture and immensely proud of Newark that never wavered

despite numerous setbacks and challenges Construction did not begin until 1898 and when completed in 1954 the cathedral became New Jersey's largest church and the most expensive Catholic church ever built in America During Pope John Paul II's visit to the United States in 1995 he celebrated evening prayer at the Cathedral On that occasion the Cathedral of the Sacred Heart was elevated to a basilica to become the Cathedral Basilica of the Sacred Heart Meticulously researched Gothic Pride brings to life the people who built contributed to and worshipped in Sacred Heart recalling such remarkable personalities as George Hobart Doane Jeremiah O'Rourke Gonippo Raggi and Archbishop Thomas Walsh In many ways the cathedral's story is a lens that lets us look at the history of Newark itself its rise as an industrial city and its urban culture in the nineteenth century its transformation in the twentieth century its immigrants and the profound effects of their cultures especially their religion on American life and the power of architecture to serve as a symbol of community values and pride **Biography**

**of a Tenement House in New York City** Andrew S. Dolkart, 2025-07-25 I trace my ancestry back to the Mayflower writes Andrew S Dolkart Not to the legendary ship that brought the Pilgrims to Plymouth Massachusetts in 1620 but to the more prosaic tenement on the southeast corner of East Broadway and Clinton Street named the Mayflower where my father was born in 1914 to Russian Jewish immigrants For Dolkart his father's experience of being raised in a tenement became a metaphor for the life that was afforded countless immigrant children growing up in Lower Manhattan during the past century In this revised edition of his classic book Dolkart presents for us a precise and informative biography of a typical tenement house in New York City that became in 1988 the site for the Lower East Side Tenement Museum The author documents analyzes and interprets the architectural and social history of this building at 97 Orchard Street beginning in the 1860s when it was erected moving on to the late nineteenth and early twentieth centuries when the neighborhood started to change and concluding in the present day as the building is reincarnated as the museum This edition includes new research on the basement storefronts specifically the Schneider saloon and the kosher butcher the backyard privies and their reconstruction and the new Irish Moore apartment Biography of a Tenement House in New York City is a lasting tribute to the legacy of immigrants and their children who were part of the transformation of New York City and the fabric of everyday American urban life Distributed for the Center for American Places at Columbia College Chicago **The Invention of Brownstone**
