New Perspectives On Transfer In Second Language Learning Second Language Acquisition:

New Perspectives on Transfer in Second Language Learning Liming Yu, Terence Odlin, 2016 When people attempt to learn a new language the language s they already know can help but also hinder their understanding or production of new forms This phenomenon known as language transfer is the focus of this book The collection offers new theoretical perspectives some in the empirical studies and some in other chapters and consists of four sections considering lexical syntactic phonological and cognitive perspectives The volume provides a wealth of studies on the influence of Chinese on the acquisition of English but also includes studies involving Finnish French Hindi Korean Persian Spanish Swedish and Tamil It will be of great interest to researchers and students working in the areas of crosslinguistic influence in second language acquisition language pedagogy and psycholinguistics

Crosslinguistic Influence in Second Language Acquisition Rosa Alonso Alonso, 2016-01-11 This volume provides an unprecedented insight into current approaches to crosslinguistic influence CLI The collection investigates a range of themes including linguistic relativity the possible contributions of neurolinguistics the problem of cognitive development and the role of the frequency of structures in acquisition from distinct overlapping and complementary perspectives Chapters focusing on vocabulary morphosyntactic categories semantic structures and phonetic and phonological structures feature in the volume as do over 20 languages in order to offer new insights into both theoretical and empirical issues in CLI including the consequences of great or little similarity in structures between languages The relevance of CLI research for teaching is discussed in a number of chapters as is the phenomenon of multilingualism The collection will appeal to researchers graduate and postgraduate students teachers and professionals interested in the field of CLI in SLA

Language Frederick J. Newmeyer, 1988 Linguistics The Cambridge Survey is a comprehensive introduction to current research in all branches of the field of linguistics from syntactic theory to ethnography of speaking from signed language to the mental lexicon from language acquisition to discourse analysis Each chapter has been written by a specialist particularly distinguished in his or her field who has accepted the challenge of reviewing the current issues and future prospects in sufficient depth for the scholar and with sufficient clarity for the student Each volume can be read independently and has a particular focus Volume I covers the internal structure of the language faculty itself while Volume II considers the evidence for and the implications of a generativist approach to language Psycholinguistics and neurolinguistics are covered in Volume III and Volume IV concentrates on sociolinguistics and the allied fields of anthropological linguistics and discourse and conversation analysis Several of the chapters in the work concentrate on the interface between different aspects of linguistic theory or the boundaries between linguistic theory and other disciplines Thus in both its scope and in its approach the Survey is a unique and fundamental reference work It undoubtedly fulfills the editor s aims of providing a wealth of information insight and ideas that will excite and challenge all readers with an interest in linguistics

The Second Language Acquisition of French Tense, Aspect, Mood and Modality Dalila Ayoun, 2013-07-04 Temporal aspectual systems have a great potential of informing our understanding of the developing competence of second language learners So far the vast majority of empirical studies investigating L2 acquisition have largely focused on past temporality neglecting the acquisition of the expression of the present and future temporalities with rare exceptions aside from ESL learners leaving unanswered the question of how the investigation of different types of temporality may inform our understanding of the acquisition of temporal aspectual and mood systems as a whole This monograph addresses this question by focusing on three main objectives a to contribute to the already impressive body of research in the L2 acquisition of tense aspect and mood modality from a generative perspective and in so doing to present a more complete picture of the processes of L2 acquisition in general b to bridge the gap between linguistic theory and L2 acquisition c to make empirical findings more accessible to language instructors by proposing concrete pedagogical applications

The Multilingual Lexicon Jasone Cenoz, Britta Hufeisen, U. Jessner, 2007-05-28 This book is unique because it explores the multilingual lexicon by providing insights from research studies conducted in psycholinguistics applied linguistics and neurolinguistics It goes beyond the use of two languages and thus concentrates on a new and developing area in linguistic research The different perspectives provide a link to the mainstream work on the lexicon and vocabulary acquisition and will stimulate further debate in these areas and in the study of multilingualism

Multilingualism Larissa Aronin, David Singleton, 2012 Offers an account of multilingualism a phenomenon affecting a vast number of communities thousands of languages and millions of language users This book focuses on the knowledge and use of multiple languages It deals with both bilingualism and polyglottism at the level of the individual speaker as well as at the societal level

Fossilization in Adult Second Language Acquisition ZhaoHong Han, 2004-03-16 This book is a systematic attempt to address the issue of fossilization in relation to a fundamental question in second language acquisition research which is why are learners adults in particular unable to develop the level of competence they have aspired to in spite of continuous and sustained exposure to the target language adequate motivation to learn and sufficient opportunity to practice

New Perspectives on CALL for Second Language Classrooms Sandra Fotos, Charles M. Browne, 2013-06-17 This practical handbook is designed to help language teachers teacher trainers and students learn more about their options for using computer assisted language learning CALL and develop an understanding of the theory and research supporting these options The chapters in New Perspectives on CALL for Second Language Classrooms synthesize previous CALL theory and research and describe practical applications to both second and foreign language classrooms including procedures for evaluating these applications The implementation of CALL at the institutional level is also addressed with attention to designing multimedia language laboratories and creating collaborative CALL based projects between educational institutions Although many chapters locate their descriptions of CALL activities and projects

within the ESL EFL setting the principles and activities described are equally useful for other language settings The book does not require prior knowledge of CALL computers or software To assist readers a glossary of CALL terms and an appendix of CALL Web sites are provided The book also has its own accompanying Web site <http://www.erlbaum.com/callforL2classrooms> presenting chapter abstracts author contact information and regularly updated links to pedagogical research and teacher development sites By integrating theoretical issues research findings and practical guidelines on different aspects of CALL this book offers teachers multiple levels of resources for their own professional development for needs based creation of specific CALL activities for curriculum design and for implementation of institutional and inter institutional CALL projects *Current Issues in European Second Language Acquisition Research* Bernhard Kettemann, 1993
