

Nicaragua Or Honduras Or El Salvador

Thomas Griffiths

Nicaragua Or Honduras Or El Salvador:

Politics in Central America Thomas P. Anderson, 1988-04-21 A clear and balanced presentation of the dilemmas associated with each of the four nations A skillful cultural framework is provided in the first chapter which serves as an overview Foreign Affairs A fine study Anderson s reputation as a scholar and a Latin Americanist will be enhanced when this study has time to make its imprint American Political Science Review This new volume provides an up to date survey of the Central American states involved in the current conflict While several studies of the individual countries in the region have appeared there have been no recent attempts at a synthesis of the problems of the area Politics in Central America fills this gap analyzing the roots of the current crisis and suggesting solutions to the problems of the region The author s chief assertion is that the roots of the problems in Central America are not to be found in the East West struggle but in the competition within each country for control of the scarce natural resources This crisis in Central America calls for drastic and economic changes The key question Anderson claims is whether or not these changes can be brought about within a democratic framework **Inside Central America** Phillip Berryman, 1987 The Nightmare of Reason Ernst Pawel, 1985

Central America John Baily, 1850 John Baily was an Englishman who lived for many years in Central America He was employed in 1837-38 by the government of Nicaragua to survey a potential canal route from the Caribbean Sea to the Pacific Ocean In 1850 Baily published this book and a separate map of Central America that showed four proposed routes for an isthmian canal Central America begins with an introductory chapter on the geography history and economy of the region as a whole followed by individual chapters devoted to Guatemala El Salvador Honduras Mosquito Territory in present day Nicaragua and Honduras Nicaragua and Costa Rica Each chapter describes physical features and boundaries and provides information about inhabitants products and other features The chapter devoted to Nicaragua is by far the longest and contains a detailed discussion of the proposed route for an inter oceanic canal through the country As indicated in the subtitle Baily was convinced of the remarkable capacity for colonization of the Central American countries The book concludes with a section on immigration Baily compared agricultural conditions in Central America to those in southern Texas and argued that European farmers who settled in the region and worked hard would prosper and prepare a handsome inheritance for their posterity **The Central Five: Guatemala, Honduras, El Salvador, Nicaragua, Costa Rica** Sydney Greenbie, 1943 **Adventuring in Central America** David Rains Wallace, 1995 **Memories of a Central American**

Judá Guzmán, 1988 *The Rough Guide to Central America On a Budget*, 2013-11-01 The new full colour Rough Guide to Central America on a Budget is the ultimate guide to travelling the region and getting the most value for every dollar col n quetzal or lempira Detailed colour maps and in depth coverage of how to get around go hand in hand with inspirational itineraries and authoritative accounts of every attraction It covers all the Central American countries and features first hand reviews of affordable accommodation cheap places to eat laidback bars and thrilling outdoor adventures The Rough Guide to

Central America on a Budget is packed with epic road trips adventure activities ancient ruins beach hideaways wildlife watching atmospheric colonial cities and all the best festivals Make the most of your time with The Rough Guide to Central America on a Budget Now available in PDF format **Violent Peace** David R. Mares,2001 David R Mares argues that the key factors influencing political leaders in all types of polities are the costs to their constituencies of using force and whether the leader can survive their displeasure if the costs exceed what they are willing to pay Violent Peace proposes a conceptual scheme for analyzing militarized conflict and supports this framework with evidence from the history of Latin America

Foreign Agriculture ,1980 Culture and National Security in the Americas Brian Fonseca,, Eduardo A.

Gamarra,2017-01-31 With contributions from leading experts Culture and National Security in the Americas examines the most influential historical geographic cultural political economic and military considerations shaping national security policies throughout the Americas In this volume contributors explore the actors and institutions responsible for perpetuating security cultures over time and the changes and continuities in contemporary national security policies United States and Chile David R. Mares,Francisco Rojas Aravena,2013-10-23 The United States and Chile is the ideal introduction to U S Chilean relations From our strained Cold War relations and the Allende assassination to current democratic and economic development senior scholars Mares and Aravena deftly trace the path of the relationship from early partners through tense Cold War stand offs to the slowly warming relations of the present The authors include information on General Augusto Pinochet s human rights violations his current prosecution for them and the United State s complicity in bringing him to power Chile is only just now recovering from decades of political instability and government abuses and this volume provides a thorough look back and an informed vision of the future Summits & Regional Governance Gordon Mace,Jean-Philippe Therien,Diana Tussie,Olivier Dabène,2015-10-30 Despite the large number of regional and global summits there is very little known about the functioning and impact of this particular type of diplomatic practice While recognizing that the growing importance of summits is a universal phenomenon this volume takes advantage of the richness of the Americas experiment to offer a theoretically grounded comparative analysis of contemporary summitry The book addresses questions such as How effective have summits been How have civil society and other non state actors been involved in summits How have summits impacted on the management of regional affairs Filling a significant void in the literature this volume offers an original contribution helping to understand how summitry has become a central feature of world politics It will be of great interest to students and scholars of diplomacy international organizations and global regional governance The Pan American Highway System Organization of American States,1969 **Latin America And The U.s. National Interest** Margaret Daly Hayes,2019-03-04 Arguing for a new and sober look at the nature of U S Latin American relations Dr Hayes addresses the question Does the United States have compelling national interests in maintaining close relations with Latin American countries Her conclusion is yes but for reasons different from those offered in the traditional literature or espoused by many

policy analysts She maintains that U S interests in relations with Latin America are primarily political secondarily economic though economic ties are the basis of the relationship and only marginally military Proper emphasis on these long term interests may be critical to U S national security in a global as well as regional context Dr Hayes points out that the Latin American countries occupying a unique position among developing nations today because of their comparatively successful experiences in achieving economic growth and development represent an increasingly important political influence in both the developed and developing worlds Moreover she argues it is in the U S interest to give economic aid to the less developed countries in the hemisphere particularly in the Caribbean Basin U S security is better preserved and enhanced by encouraging political and economic stability in the region than by promoting military alliances that Latin Americans may not really want Supporting the need for a revised rationale for U S Latin American relations Dr Hayes focuses in detail on the regions and nations of special interest to the United States today the Caribbean Basin Mexico in a chapter by Professor Bruce M Bagley Brazil and the Southern Cone **The American Journal of International Law** ,1917 Vols for 1970 73 include American Society of International Law Proceedings no 64 67 **The Foreign Commerce and Navigation of the United States for the Year Ending ...** ,1950 Protection of Foreign Capital by Armed Force Luther Weeks Courtney,1928 Political Handbook of the World 2022-2023 Tom Lansford,Jorge Brown,2023 With more in depth coverage of current political controversies than any other reference guide Political Handbook of the World 2022 2023 is the most authoritative source for finding complete facts and analysis on each countrys governmental and political makeup *Measuring Inequality of Opportunities in Latin America and the Caribbean* Ricardo Paes de Barros,2009-01-13 Equality of opportunity is about levelling the playing field so that circumstances such as gender ethnicity place of birth or family background do not influence a person s life chances This book introduces new methods for measuring inequality of opportunities and makes an assessment of its evolution in Latin America over a decade
