On Military Science: A Guide to Understanding the Meaning of F.O.I. (Volume 2) Mikaeel D. Shabazz Muhammad, 2011-12-16 Collection of essays letters and class outlines based on military science and the teachings of the Most Hon Elijah Muhammad as represented by the Hon Louis Farrakhan of the Nation of Islam *Przemyśl, Poland* John E. Fahey, 2023-02-15 Przemyśl Poland A Multiethnic City During and After a Fortress 1867 1939 examines the economic political demographic and cultural ramifications of Austro Hungarian military investment in Przemyśl Poland from the inception of the fortress in the 1870s through four months of siege in World War I to the decades of social change before World War II The city of Przemyśl lies a few miles west of the Poland Ukraine border In the decades before World War I the Austro Hungarian

military poured money troops and material into this multiethnic city and transformed it into the Empire's largest fortress complex Though intended to protect the border with Russia and inspire political loyalty the resultant garrison instead made the city a target and prompted revulsion among local socialists who opposed the army's dominant position in town The heart of this book is the exploration of the relationship between soldiers and civilians in urban environments The city's physical and demographic growth was irreversibly tied to the army yet much of the population rejected the garrison and fought with its soldiers By 1907 Przemyśl featured one of the largest social democratic movements in Austrian Galicia By 1914 the city was besieged by the Russian Army and by 1918 the city was part of the new Second Polish Republic Przemyśl Poland is the story of how a single city transformed radically over a few decades with lasting lessons about the consequences of the military culture colliding with civilian life *Army History*, 2010 *Edward M. Almond and the US Army* Michael E.

Lynch, 2019-10-15 This study presents a comprehensive look at a complex man who exhibited an unfaltering commitment to the military and to his soldiers but whose career was marked by controversy As a senior Army officer in World Wars I and II Lt Gen Edward M Almond lived by the adage that units don't fail leaders do He was chosen to command the 92nd Infantry Division one of only two African American divisions to see combat during WWII but when the infantry performed poorly in Italy in 1944-1945 he asserted that it was due to their inferiority as a race and not their maltreatment by a separate but unequal society He would later command the X Corps during the Inchon invasion that changed the course of the Korean War but his accomplishments would be overshadowed by his abrasive personality and tactical mistakes This book addresses how Almond's early education at the Virginia Military Institute with its strong Confederate and military influences shaped his military prowess Presented is a thorough assessment of Almond's military record how he garnered respect for his aggressiveness courage in combat strong dedication and leadership and how he was affected by the loss of his son and son in law in combat during WWII Following the war Almond would return to the US to assume command of the US Army War College but would find himself unprepared for a changing world This volume asserts that since his death his bigoted views have come to dominate his place in history and undermine his military achievements *Army and Navy Register*, 1950-07
