Nice Book Certain Sainthood Canonization Infallibility Medieval:

Certain Sainthood Donald S. Prudlo, 2016-03-21 The doctrine of papal infallibility is a central tenet of Roman Catholicism and yet it is frequently misunderstood by Catholics and non Catholics alike Much of the present day theological discussion points to the definition of papal infallibility made at Vatican I in 1870 but the origins of the debate are much older than that In *Certain Sainthood* Donald S Prudlo traces this history back to the Middle Ages to a time when Rome was struggling to extend the limits of papal authority over Western Christendom Indeed as he shows the very notion of papal infallibility grew out of debates over the pope's authority to canonize saints Prudlo's story begins in the twelfth and thirteenth centuries when Rome was increasingly focused on the fight against heresy Toward this end the papacy enlisted the support of the young mendicant orders specifically the Dominicans and Franciscans As Prudlo shows a key theme in the papacy's battle with heresy was control of canonization heretical groups not only objected to the canonizing of specific saints they challenged the concept of sainthood in general In so doing they attacked the roots of papal authority Eventually with mendicant support the very act of challenging a papally created saint was deemed heresy *Certain Sainthood* draws on the insights of a new generation of scholarship that integrates both lived religion and intellectual history into the study of theology and canon law The result is a work that will fascinate scholars and students of church history as well as a wider public interested in the evolution of one of the world's most important religious institutions

The Renaissance of the Saints After Reform Gina M. Di Salvo, 2023 In the first book length study of the English saint play across the Reformation divide this book recovers the surprisingly long theatrical life of the saints It shows how saints in performance frequently diverged from religious narratives in the Middle Ages and also made a spectacular reappearance in the theatre of Shakespeare's time

A Companion to Medieval Canonization Processes, 2025-03-24 Canonizations which officially proclaimed a person's sanctity were complex embracing theological judicial social and cultural aspects of medieval Christianity The dossiers manifest the theological ponderings while also revealing the devotional practices daily life and troubles of those not learned in canon law or theology This volume offers tools for comprehending canonization processes by investigating their judicial background and structural elements as well as devotional aspects reflected in the depositions It approaches canonization processes in a three fold way as a phenomenon of the past as a source material with methodological challenges and as a specific field of historical studies Furthermore this volume engages in innovative methodological discussions and illuminates the state of the art and topical new themes Contributors include Christian Kratzl Maria Teresa Fattori Didier Lett Saku Pihko Jenni Kuuliala Nicole Archambeau Adelheid Russenberger Jyrki Nissi Laura Ackerman Smoller Sari Katajala Peltomaa Marika Räsänen and Jonathan Greenwood

A Companion to Medieval Miracle Collections, 2021-09-06 Miracle accounts provide a window into the views and conceptions of the laity the uneducated women and even children whose voices are mostly missing from other types of sources They are not however simple to use This volume offers a methodological insight into the medieval world of

the miraculous Consisting of 15 cutting edge articles by leading scholars in the field it provides versatile approaches to the origins methods and recording techniques of various types of miracle narratives It offers fascinating case studies from across Europe which show how miracle accounts can be used as a source for various topics such as lived religion healing protection and family and gender Contributors are Nicole Archambeau Leigh Ann Craig Ildik Csepregi Jussi Hanska Emilia Jamroziak Sari Katajala Peltomaa Jenni Kuuliala Iona McCleery Jyrki Nissi Roberto Paciocco Donald S Prudlo Marika R s nen Jonas Van Mulder and Louise Elizabeth Wilson **Christian Theologies of the Sacraments** Justin S. Holcomb,David A.

Johnson,2017-07-25 Delves into the ancient debate regarding the nature and purpose of the seven sacraments What are the sacraments For centuries this question has elicited a lively discussion and among theologians and a variety of answers that do anything but outline a unified belief concerning these fundamental ritual structures In this extremely cohesive and well crafted volume a group of renowned scholars map the theologies of sacraments offered by key Christian figures from the Early Church through the twenty first century Together they provide a guide to the variety of views about sacraments found throughout Christianity showcasing the variety of approaches to understanding the sacraments across the Catholic Protestant and Orthodox faith traditions Chapters explore the theologies of thinkers from Basil to Aquinas Martin Luther to Gustavo Guti rrez Rather than attempting to distill their voices into a single view the book addresses many of the questions that theologians have tackled over the two thousand year history of Christianity In doing so it paves the way for developing theologies of sacraments for present and future contexts The text places each theology of the sacraments into its proper sociohistorical context illuminating how the church has used the sacraments to define itself and its congregations over time The definitive resource on theologies of the sacraments this volume is a must read for students theologians and spiritually interested readers alike **The Saint's Life and the Senses of Scripture** Ann W. Astell,2024-07-15 Through close

examination of ancient medieval and modern Lives of the saints Ann W Astell demonstrates how the historical transformation of hagiography as a genre correlates with similar changes in biblical studies Christian hagiography flourished from the fourth to the fifteenth centuries illuminating the gospel through the overlapping forms of exempla and vita Originally the Lives of the saints were understood as hermeneutical extensions of the Bible God authors the saint just as God authors the divinely inspired scriptures During the medieval period a sense of dual authorship between God and the cooperating saint developed paralleling the Scholastic impulse to assign greater agency to the human writers of scripture Then in the sixteenth century powerful new anxieties about historical truth pushed hagiography aside for biography its successor Drawing on her expertise in the history of Christianity and biblical exegesis Astell convincingly shows how this radical shift in hagiography s status the loss of the literal allegorical tropological and anagogical senses of the Lives serves as a bellwether for modern biblical reception Infallibility, Integrity and Obedience John M. Rist,2023-01-01 The doctrinal and structural revolution currently underway in the Roman Catholic Church is alarming for several reasons not least because of the arbitrary nature of its

imposition and the absence of resistance it has encountered The reluctance of many to challenge the authority of the pope tied to the increasing personal veneration by the faithful of each successive incumbent of the Holy See is arguably a symptom of unresolved unclarity surrounding the nature of authority in the Church dating back to the First Vatican Council In **Infallibility Integrity and Obedience** John Rist unflinchingly exposes the developments that have bred this crisis of understanding and the resulting rejection of tradition in the papal agenda over the past hundred and fifty years Reserving particular attention for the Roman Catholic dilemmas political and theological of the 1930s the mid twentieth century debates on reproductive technology and the advent of celebrity autocracy he shows how a misapprehension of the nature and definition of papal infallibility is at the root of the major issues facing the Church today Most importantly he proposes how the conciliar and individual decisions that have led to the current situation might be reversed and how the proper role of the Pope can be reclaimed for the good of the Church **Strangers Within** Francisco Bethencourt,2024-03-26 A

comprehensive study of the New Christian elite of Jewish origin prominent traders merchants bankers and men of letters between the fifteenth and eighteenth centuries In **Strangers Within** Francisco Bethencourt provides the first comprehensive history of New Christians the descendants of Jews forced to convert to Catholicism in late medieval Spain and Portugal Bethencourt estimates that there were around 260 000 New Christians by 1500 more than half of Iberia s urban population The majority stayed in Iberia but a significant number moved throughout Europe Africa the Middle East coastal Asia and the New World They established Sephardic communities in North Africa the Ottoman Empire Italy Amsterdam Hamburg and London Bethencourt focuses on the elite of bankers financiers and merchants from the fifteenth to the eighteenth centuries and the crucial role of this group in global trade and financial services He analyses their impact on religion for example Teresa de vila legal and political thought Las Casas science Amatus Lusitanus philosophy Spinoza and literature Enr quez Gomez Drawing on groundbreaking research in eighteen archives and library manuscript departments in six different countries Bethencourt argues that the liminal position in which the New Christians found themselves explains their rise economic prowess and cultural innovation The New Christians created the first coherent legal case against the discrimination of a minority singled out for systematic judicial inquiry Cumulative inquisitorial prosecution coupled with structural changes in international trade led to their decline and disappearance as a recognizable ethnicity by the mid eighteenth century **Strangers Within** tells an epic story of persecution resistance and the making of Iberia through the oppression of one of the most powerful minorities in world history Packed with genealogical information about families their intercontinental networks their power and their suffering it is a landmark study **Bible Missals and the Medieval Dominican Liturgy** Innocent Smith,2023-11-06 Bible Missals are manuscripts that integrate liturgical prayers for the Mass with the scriptural texts of the Latin Vulgate Long overlooked by scholars Bible Missals offer important evidence for the development of the medieval liturgy and the liturgical use of scripture by medieval Christians This monograph is the first

comprehensive analysis of the codicology and contents of Bible Missals Mostly produced in the first half of the 13th century by professional book makers in centers like Paris and Oxford these hybrid manuscripts were customized for secular monastic and mendicant patrons This monograph focuses on Dominican Bible Missals the largest group within the repertoire providing detailed codicological descriptions of each manuscript and analyzing their texts for the Order of Mass and selected liturgical formularies including prayers for the feast of St Dominic For medieval Christians the words and events of scripture were continually called to mind and reenacted in the sacramental rites of the Mass Bible Missals provide important material evidence for this interplay between word and sacrament

Living Martyrs in Late Antiquity and Beyond Diane Fruchtman, 2023-02-01 This book demonstrates that living martyrdom was an important spiritual aspiration in the late antique Latin west and argues that consequently attempts to define study or locate martyrdom must move away from conceptualizations that require or center on death After an introduction that traces the persistence of living martyrs as real objects of spiritual devotion and emulation across the span of Christian history and discusses why such martyrs have been overlooked the book focuses on three significant authors from the late ancient Latin west for whom martyrdom did not require death the Spanish poet Prudentius c 348 413 the senator turned ascetic Paulinus of Nola 353 431 and the influential North African bishop Augustine of Hippo 354 430 Through historically and literarily contextualized close readings of their work this book shows that each of these three authors attempted to create a new paradigm of martyrdom focused on living rather than dying for God By focusing on these living martyrs we are able to see more clearly the aspirations and agendas of those who promoted them as martyrs and how their martyrological discourse illuminates the variety of ways that martyrdom is and can be mobilized in any era to construct new community creating worldviews *Living Martyrs in Late Antiquity and Beyond* is an important resource for historians of Christianity scholars of religious studies and anyone interested in exploring or understanding martyrological discourse The Introduction of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Christian Theologies of Salvation Justin S. Holcomb, 2017-10-31 This text introduces the reader to the great variety of distinctive interpretations within the Christian tradition regarding theologies of salvation distinctive interpretations expressed by a wide range of Christian theologians

Illness and Authority Donna Trembinski, 2020-11-03 *Illness and Authority* is the first monograph length study to examine a well known medieval saint from the perspective of disability studies

Suspect Saints and Holy Heretics Janine Larmon Peterson, 2019-12-15 In *Suspect Saints and Holy Heretics* Janine Larmon Peterson investigates regional saints whose holiness was contested She scrutinizes the papacy's toleration of unofficial saints cults and its response when their devotees challenged church authority about a cult's merits or the saint's orthodoxy As she demonstrates communities that venerated saints increasingly clashed with popes and inquisitors determined to erode any local claims of religious authority Local and unsanctioned saints were

spiritual and social fixtures in the towns of northern and central Italy in the thirteenth and fourteenth centuries In some cases popes allowed these saints cults in others church officials condemned the saint and or their followers as heretics Using a wide range of secular and clerical sources including vitae inquisitorial and canonization records chronicles and civic statutes Peterson explores who these unofficial saints were how the phenomenon of disputed sanctity arose and why communities would be willing to risk punishment by continuing to venerate a local holy man or woman She argues that the Church increasingly restricted sanctification in the later Middle Ages which precipitated new debates over who had the authority to recognize sainthood and what evidence should be used to identify holiness and heterodoxy The case studies she presents detail how the political climate of the Italian peninsula allowed Italian communities to use saints cults as a tool to negotiate religious and political autonomy in opposition to growing papal bureaucratization Open Access edition funded by the National Endowment for the Humanities

Profiling Saints Elisa Frei, Eleonora Rai, Christopher B. Brown, Günter Frank, Barbara Mahlmann-Bauer, Tarald Rasmussen, Violet Soen, Zsombor Tóth, Günther Wassilowsky, Siegrid Westphal, 2023-05-15 Profiling Saints follows and expands the papers presented at the homonym online international conference December 2021 which focused on cultural theological artistic and social aspects of models of sanctity and their importance in the modern world up to the post revolutionary period This volume aims thus to shed light on the cultural value of canonizations and models of sanctity as models of Christian perfection including the role of iconography and artworks in the broader context of modern global Catholicism The topics presented by the authors include veneration to and canonization and representations of saint theologians missionaries martyrs mystics and reformers men and women Profiling Saints looks at modern sanctity and saints from multidisciplinary perspectives ranging from liturgy theology and Church history up to history of ideas cultural history history of emotions and art history and contributes to shed light on such a complex phenomenon of Christian history in its modern developments

Sainthood in the Later Middle Ages Andri Vauchez, André Vauchez, 2005-02-17 This is a standard work of reference for the study of the religious history of western Christianity in the later middle ages which since its original publication in French in 1981 has come to be regarded as one of the great contributions to medieval studies of recent times Hagiographical texts and reports of the processes of canonisation a mode of investigation into saints lives and their miracles implemented by the popes from the end of the twelfth century are here used for the first time as major source materials The book illuminates the main features of the medieval religious mind and highlights the popes attempts to gain firmer control over the wide variety of expressions of faith towards the saints in order to promote a higher pattern of devotion and moral behaviour among Christians

Miracles in Medieval Canonization Processes Christian Krötzel, Sari Katajala-Peltomaa, 2018

Prophets in Their Own Country Aviad M. Kleinberg, 1997-06 In this original study of the making of saintly reputations Aviad M Kleinberg shows how sainthood

though frequently seen as a personal trait is actually the product of negotiations between particular individuals and their communities Employing the methods of history anthropology and textual criticism Kleinberg examines the mechanics of sainthood in daily interactions between putative saints and their audiences This book will interest historians anthropologists sociologists medievalists and those interested in the study of religion A fascinating and sometimes iconoclastic view of saints in the medieval period Sandra R O Neal Theological Studies An important new book And an excellent piece of scholarship Diane L Mockridge Method the book is a pleasure to read Veronica Lawrence Theological Book Review Original and interesting Kleinberg has made a major contribution Anne L Clark American Historical Review Kleinberg s concern is not just with perceptions of sanctity but refreshingly with what actually happened and he is especially good on the conflict of the two This is not just a book but a way of thought and one that promises interesting conversations at all levels from the church porch to the tutorial and the academic conference Helen Cooper Times Literary Supplement
