Never Say Die The Myth And Marketing Of The New Old Age:

Never Say Die Susan Jacoby, 2012-02-14 A wake up call to Americans who have long been deluded by the dangerous twenty first hucksters of longevity If old age isn't for sissies neither is Susan Jacoby's tough minded and important book which demolishes popular myths that we can cure the disease of aging The Washington Post Combining historical social and economic analysis with personal experiences of love and loss Jacoby reveals the hazards of the magical thinking that prevents us from facing the genuine battles of growing old Never Say Die speaks to Americans whatever their age who draw courage and hope from facing reality instead of embracing platitudes and delusions and who want to grow old with dignity and purpose It is a life affirming and powerful message that has never been more relevant *The Mansion of Happiness* Jill Lepore, 2013-03-26 Renowned Harvard scholar and New Yorker staff writer Jill Lepore has written a strikingly original ingeniously conceived and beautifully crafted history of American ideas about life and death from before the cradle to beyond the grave How does life begin What does it mean What happens when we die All anyone can do is ask Lepore writes That's why any history of ideas about life and death has to be like this book a history of curiosity Lepore starts that history with the story of a seventeenth century Englishman who had the idea that all life begins with an egg and ends it with an American who in the 1970s began freezing the dead In between life got longer the stages of life multiplied and matters of life and death moved from the library to the laboratory from the humanities to the sciences Lately debates about life and death have determined the course of American politics Each of these debates has a history Investigating the surprising origins of the stuff of everyday life from board games to breast pumps Lepore argues that the age of discovery Darwin and the Space Age turned ideas about life on earth topsy turvy New worlds were found she writes and old paradises were lost As much a meditation on the present as an excavation of the past *The Mansion of Happiness* is delightful learned and altogether beguiling **Loving Later Life** Frits de Lange, 2015-04-23 Is loving later life possible In our youth obsessed culture nobody enjoys growing old We normally fear our own aging and generally do not love old people they remind us that death is inescapable the body frail and social status transitory In *Loving Later Life* Frits de Lange shows how an ethics of love can acknowledge and overcome this fear of aging and change our attitude toward the elderly De Lange reframes the biblical love command this way We must care for the aging other as we care for our own aging selves We can encourage positive self love by embracing life as we age taking good care of our own aging bodies staying good friends with ourselves and valuing the last season of life When we cultivate this kind of self love we are released from our aversion to growing old and set free to care about others who are aging our parents our relatives and others in their final season of life *Drive On! Preserve and Prolong Your Time on the Road* Phil Berardelli, 2018-07-27 Are you a Baby Boomer A member of the post World War II generation Retiring or planning to retire at a time when U S life expectancy has never been higher If so you're part of the exploding population of senior drivers on our highways You're also helping to create potentially massive problems for our

Reclaiming the Feminist Vision Janet L. Freedman,2014-05-16 It s called consciousness raising CR Asking questions about our experiences and sharing insights and analyses with others can be the basis for informed activism for positive social change CR provided the entry point for feminists who shaped the women s liberation movement in the late 1960s and 1970s and is now being revitalized across class race and geography in face to face groups and on the internet Reclaiming the Feminist Vision traces the origins principles and impact of consciousness raising reveals how the process migrated to other settings sometimes maintaining the original political intent and sometimes diluting it The book calls for the renewal of the practice to help feminists regain their voices and their power in shaping social movement history *Baby Boomers and*

Generational Conflict Jennie Bristow,2015-05-12 The dominant cultural script is that the Baby Boomers have had it all thereby depriving younger generations of the opportunity to create a life for themselves Bristow provides a critical account of this discourse by locating the problematisation of the Baby Boomers within a wider ambivalence about the legacy of the Sixties **This Chair Rocks** Ashton Applewhite,2019-03-05 Author activist and TED speaker Ashton Applewhite has written a rousing manifesto calling for an end to discrimination and prejudice on the basis of age In our youth obsessed culture we re bombarded by media images and messages about the despairs and declines of our later years Beauty and pharmaceutical

companies work overtime to convince people to purchase products that will retain their youthful appearance and vitality Wrinkles are embarrassing Gray hair should be colored and bald heads covered with implants Older minds and bodies are too frail to keep up with the pace of the modern working world and elders should just step aside for the new generation Ashton Applewhite once held these beliefs too until she realized where this prejudice comes from and the damage it does Lively funny and deeply researched This Chair Rocks traces her journey from apprehensive boomer to pro aging radical and in the process debunks myth after myth about late life Explaining the roots of ageism in history and how it divides and debases Applewhite examines how ageist stereotypes cripple the way our brains and bodies function looks at ageism in the workplace and the bedroom exposes the cost of the all American myth of independence critiques the portrayal of elders as burdens to society describes what an all age friendly world would look like and offers a rousing call to action It s time to create a world of age equality by making discrimination on the basis of age as unacceptable as any other kind of bias Whether you re older or hoping to get there this book will shake you by the shoulders cheer you up make you mad and change the way you see the rest of your life Age pride Wow This book totally rocks It arrived on a day when I was in deep confusion and sadness about my age Everything about it from my invisibility to my neck Within four or five wise passionate pages I had found insight illumination and inspiration I never use the word empower but this book has empowered me Anne Lamott New York Times bestselling author

Safe Senior Drivers Phil Berardelli,2012-12-01 The post World War II generation the Baby Boomers are beginning to retire at a time when U S life expectancy has never been higher As a result the population of senior drivers is exploding a phenomenon that will create potentially massive problems for our traffic planners highway safety engineers and healthcare providers as more and more Americans in their 70s 80s and even 90s continue to ply the roadways Safe Senior Drivers is a unique invaluable tool for keeping yourself and your aging parent as safe as possible on the roads Packed with useful information and references this guide is the clearest most comprehensive resource available on what indeed is a critical time in the life of everyone who intends to stay behind the wheel and function well in today s driving environment

Shame and the Aging Woman J. Brooks Bouson,2016-08-19 This book brings together the research findings of contemporary feminist age studies scholars shame theorists and feminist gerontologists in order to unfurl the affective dynamics of gendered ageism In her analysis of what she calls embodied shame J Brooks Bouson describes older women s shame about the visible signs of aging and the health and appearance of their bodies as they undergo the normal processes of bodily aging Examining both fictional and nonfiction works by contemporary North American and British women authors this book offers a sustained analysis of the various ways that ageism devalues and damages the identities of otherwise psychologically healthy women in our graying culture Shame theory as Bouson shows astutely explains why gendered ageism is so deeply entrenched in our culture and why even aging feminists may succumb to this distressing but sometimes hidden cultural affliction

The Longevity Seekers Ted Anton,2013-05 People have searched for the fountain of youth

everywhere from Bimini to St Augustine But for a steadfast group of scientists the secret to a long life lies elsewhere in the lowly lab worm By suppressing the function of just a few key genes these scientists were able to lengthen worms lifespans up to tenfold while also controlling the onset of many of the physical problems that beset old age As the global population ages the potential impact of this discovery on society is vast as is the potential for profit With *The Longevity Seekers* science writer Ted Anton takes readers inside this tale that began with worms and branched out to snare innovative minds from California to Crete investments from big biotech and endorsements from TV personalities like Oprah and Dr Oz Some of the research was remarkable such as the discovery of an enzyme in humans that stops cells from aging And some like an oft cited study touting the compound resveratrol found in red wine proved highly controversial igniting a science war over truth credit and potential profit As the pace of discovery accelerated so too did powerful personal rivalries and public fascination driven by the hope that a longer healthier life was right around the corner Anton has spent years interviewing and working with the scientists at the frontier of longevity science and this book offers a behind the scenes look at the state of the art research and the impact it might have on global public health society and even our friends and family With spectacular science and an unforgettable cast of characters *The Longevity Seekers* has all the elements of a great story and sheds light on

discoveriesthat could fundamentally reshape human life **The Becoming of Age** Pamela H. Gravagne,2013-04-26 *The Becoming of Age* is an examination of the ways that aging and old age are represented in popular film Arguing that the ideas behind cinematic depictions of aging are historical and open to revision the author looks at how movies both promote negative portrayals of aging and challenge its persistent cultural devaluation Movies are a site of struggle where the representation and the reality of aging intertwine and they have the power not only to reflect but to reconstruct our understanding **Women in Late Life** Martha Holstein,2015-03-19 Contemporary old age is fraught with contradiction and complexity women portrayed either as incompetent and cuddly grandmothers or as young women trapped in old bodies images that rarely reflect how women actually see themselves *Women in Late Life* explores the thorny issues related to gender and aging including prevailing but problematic cultural expectations body image ageism the experience of chronic illness threats to Social Security and the very possibility of a secure retirement while challenging a long term care system that disadvantages women Author Martha Holstein writes from a critical feminist perspective drawing on her many years of experience in gerontology as well as interviews and personal experience as a woman now in her seventies The book highlights how women s experience of late life is shaped by the effects of lifelong gender norms by contemporary culture from gender stereotypes to ageism and by the political context The book blends critique with proposals aimed at resisting damaging inequities resulting from being simultaneously old and a woman She focuses on changes needed on multiple levels societal cultural political and individual This interdisciplinary look at key questions around gender and aging is nuanced and beautifully written **Death, American Style** Lawrence R. Samuel,2013-07-05 The notion of one day disappearing from the

earth forever is contrary to many of America's defining cultural values with death and dying viewed as un-American experiences. Arguing that death and dying may be our last major taboo, this book shows how death and dying became almost unmentionable words over the course of the last century. Although we have recently made some progress in reconciling the fact that life is a finite resource, we remain very unprepared for the approaching tsunami of death as the largest generation in history begins to age and die in great numbers. **DEATH AMERICAN STYLE** is thus highly timely and relevant, suggesting that Americans need to individually and collectively come to terms with mortality if we are to learn to treat death as an inevitable part of life and to prepare accordingly. As more and more Americans face end-of-life decisions, it will be vital for us to radically change the current view of death and dying. The alternative the author argues is that the emerging death-centric society may bring with it a period of turmoil equivalent to that of the countercultural 1960s and 1970s.

Death and Dying Lauri S. Scherer, 2014-04-14 This collection of essays explores issues related to death and dying. Each essay takes a pro or con stance on each topic so that readers benefit from more than one thoughtful viewpoint. Readers will explore end-of-life care and the economics and end-of-life care decisions. They will evaluate government involvement and the rights of terminally ill people. Hospice care and the relationship between technology and life spans are also debated.

Disability Across the Developmental Lifespan, Second Edition Julie Smart, 2019-12-01 This is the only text to examine the experience of disability in relation to theories of human growth and development. It provides a foundational and comprehensive examination of disability that encompasses the intellectual, psychiatric, physical, and social arenas. The second edition is updated to underscore its versatility as an introductory text about the developmental tasks of people with disabilities for all the helping professions. Reorganized to illuminate the book's interdisciplinary focus, it includes new demographics, new case studies, and first-person accounts. Discussions on cultural aspects of disabilities, family concerns, and more. The text delivers practice guidelines for each of the conventional life stages and describes the developmental tasks of individuals with disabilities. IWDs. It emphasizes the positive trend in the perception of IWDs as normal and underscores the fact that IWDs have the same motivations, emotions, and goals as those without disabilities. Learning activities, suggestions for writing exercises, and websites for further study reinforce learning, as do graphs and charts illustrating trends and demographics.

Dr. Bill Thomas, William H. Thomas, 2015-03-24 Dr Bill Thomas one of the most innovative thinkers in medicine explains that a new life phase is beginning to emerge within our society When the Baby Boom generation came of age in the 1960s and 1970s they jump started a cultural revolution that shaped today's society Now many feel they are living a life of frenzied disharmony This out of balance feeling is a signal that you are ready for your second coming of age your life beyond adulthood This title illuminates how to recognize and navigate the most challenging and fulfilling developmental stage of life

Publisher's description **Blurring The Boundaries** Jack Levin, 2013-02-11 Over the decades the lines separating young middle aged and older adults have blurred as indicated by a broadening of the appropriate years for making life decisions Not only are many people marrying later but some are marrying earlier than ever Overall women giving birth later but some are having children earlier in their lives Older people are retiring later but some are retiring at a younger age The spread or variability standard deviation of age based decisions has increased substantially giving adults greater freedom from the traditional constraints of age With these relaxed age norms has come a host of related social problems The relaxation of age norms for adult decision making has inadvertently blurred the boundaries between adults and teenagers between teenagers and children This generalization of the phenomenon throughout the life cycle is responsible for the adultification of childhood Eight year old girls are to an increasing extent being treated as sexual objects bullying peaks in the 6th grade larger numbers of girls are having oral sex or sexual intercourse by the age of 15 the pregnancy rate for girls 13-15 is on the rise we are in the process of dismantling the juvenile justice system in favor of adult forms of punishment and more and more children are left without adult supervision in the afternoons as though they were miniature adults who are capable of raising themselves Jack Levin is the American Sociological Association's 2009 Winner of the Public Understanding of Sociology Award This short book communicates the power and importance of sociological thinking to major worldwide social trends Ideal for use in undergraduate courses such as introductory sociology social problems and social change as well as more advanced courses in population or sociology of aging

Redeeming Dementia Dorothy Linthicum, Janice Hicks, 2018-11-17 Dementia a specter that haunts many either as a fear for the future or as lived reality with a loved one It has been called the theological disease because it affects so much of how we define our humanity language long term memory and ability to plan the future The church has a role in bringing hope and shepherding the spiritual journeys of people with dementia and their families Beginning with current theological models of personhood concepts about the self and spirituality are explored through the latest research in medicine and neuroscience as well as from work on spirituality and aging The final chapter focuses on narratives of successful programs in churches and retirement communities designed to minister to people with dementia alongside their families and caregivers
