point in modern history Praise for Churchill's Triumph by Michael Dobbs bestselling author of House of Cards the book that inspired the Netflix series His portrait of Churchill is as masterly as ever a wonderful compound of bluster sentimentality grumpiness and indefatigable physical energy There are the usual elegant metaphors In the tragedy of Poland burning while statesmen fiddled Dobbs has found a theme worthy of his powers Sunday Telegraph How do you delight the profit maximising big retailers while at the same time writing something dark and moving Michael Dobbs knows how Dobbs knows his sources but the dialogue is his own good clean moving briskly and underpinned by the record it conveys historical truth As for Poland it suffered all the horrors Dobbs writes about the country with tight passion transferring to his fictional village Piorun the rape murder and savage enforcement by Germans and Russians which so far away and so little regarded actually happened The old women weeping the houses burned down the bodies left promiscuously on the street are history set out for the attention of novel readers memorable instruction in human grief Furiously told and compelling Churchill's Triumph is a thinking man's bestseller The Guardian Dobbs astutely and dramatically portrays the real story of Yalta the mighty tussle between the three men upon whose political skills and strength of character the rest of the world would depend The novel is a triumph because of the author's fine appreciation of history and his meticulous eye for detail The Times Michael Dobbs brings the Second World War to a resounding close Dobbs portrays Churchill as being all too human oversensitive and easily hurt by friendship betrayed and conjures up Roosevelt's stricken response beautifully Dobbs is a fine writer and neatly sums up the appeal of historical novels Not only can they fill in the gaps left by an inaccurate incomplete or contradictory factual record but they can capture the spirit of the thing Dobbs has certainly done that here Daily Telegraph It's all too easy to forget that you're not reading an insider's account of the real events that shaped the modern world Dobbs clearly has an instinctive feel for what makes powerful men tick The Mail on Sunday

the basis of a national re imagining During the period between 1940 and 1960 America underwent a great shift in self mythologizing that can be charted through representations of small towns Authors like Henry Bellamann and Grace Metalious continued the tradition of Sherwood Anderson in showing the small town by extension America itself profoundly warping the souls of its citizens Meanwhile Ray Bradbury Toshio Mori and Ross Lockridge Jr sought to identify the small town s potential for growth away from the shadows cast by World War II toward a more inclusive democratic future Examined together these works are key to understanding how mid 20th century America refashioned itself in light of a new postwar order and how the literary small town both obscures and reveals contradictions at the heart of the American experience
