Student Activism in Asia Meredith Leigh Weiss, Edward Aspinall, 2012 Since World War II students in East and Southeast Asia have led protest movements that toppled authoritarian regimes in countries such as Indonesia South Korea and Thailand Elsewhere in the region student protests have shaken regimes until they were brutally suppressed most famously in China's Tiananmen

Square and in Burma But despite their significance these movements have received only a fraction of the notice that has been given to American and European student protests of the 1960s and 1970s The first book in decades to redress this neglect Student Activism in Asia tells the story of student protest movements across Asia Taking an interdisciplinary comparative approach the contributors examine ten countries focusing on those where student protests have been particularly fierce and consequential China Japan Hong Kong Taiwan South Korea Indonesia Burma Malaysia Thailand and the Philippines They explore similarities and differences among student movements in these countries paying special attention to the influence of four factors higher education systems students collective identities students relationships with ruling regimes and transnational flows of activist ideas and inspirations The authors include leading specialists on student activism in each of the countries investigated Together these experts provide a rich picture of an important tradition of political protest that has ebbed and flowed but has left indelible marks on Asia s sociopolitical landscape Contributors Patricio N Abinales U of Hawaii Manoa Prajak Kongkirati Thammasat U Thailand Win Min Vahu Development Institute Stephan Ortmann City U of Hong Kong Mi Park Dalhousie U Canada Patricia G Steinhoff U of Hawaii Manoa Mark R Thompson City U of Hong Kong Teresa Wright California State U Long Beach Rise Of China And India, The: A New Asian Drama Peng Er Lam, Tai Wei Lim, Prapat Thepchatree, 2009-05-29 The most remarkable phenomenon in Asia in the 21st century is arguably the economic rise of China and India Amazingly the two most populous countries in the world are uplifting millions of their citizens annually from poverty through rapid economic growth What is the impact on the region given the ascendance of China and India There are at least two possible outcomes the rise of the two great Asian powers may challenge the US and instill fear among the smaller countries in Asia or China and India will act as new economic dynamos that will benefit the region even if US economic presence in the region is to decline in the future This book explores the opportunities and obstacles to a harmonious region underpinned by the rise of China and India
