Jeremy Gunn, John Witte Jr., 2012-11-02 No Establishment of Religion shows how America's ongoing battles over religion and education immigration polygamy religious funding religious exemptions and more have made the original and evolving understanding of disestablishment of religion a source of perennial cultural and constitutional controversy The authors of the essays in the volume stake out strong and sometimes competing positions on what no establishment of religion meant to the American founders and what it can and should mean for America today Coming to Terms with America Jonathan D. Sarna, 2021-09 Culling the finest thinking of renowned historian Jonathan D Sarna Coming to Terms with America examines how Jews have long straddled two civilizations endeavoring to be both Jewish and American at once from the American Revolution to today **Early Modern Jewish Civilization** David Graizbord, 2024-09-18 This collection is an introductory historical survey and selective cultural analysis of the development coalescence and eventual waning of a diasporic civilization that of the Jews of the early modern period ca 1391 1789 in Europe the Ottoman Empire and key nodes of the Iberian Empires in the Americas Each chapter explores key factors that shaped both distinctive early modern Jewish communities and a remarkably coalescent and far broader community of communities The contributors engage and answer the following questions What do historians mean by early modernity and to what extent does the concept illuminate the history and culture's of Jews from the end of the Middle

Ages to the Enlightenment What were the general demographic contours of the Jewish diaspora over this period and how did they change How did culture politics technology economics and gender shape diasporic Jewish communities across eastern and western Europe and the New World over the course of some 400 years Ultimately the work renders a portrait of coherence and diversity continuity and discontinuity in early modern Jewish life within and across temporal and geographic boundaries Early Modern Jewish Civilization is essential reading for all students of Jewish history and civilization and early modern history more broadly

The Soul of Judaism Bruce D Haynes, 2018-08-14 A study of the history of Black Jews in the United States and the counter narratives they have put forward as they stake their claims to Jewishness The Soul of Judaism offers the first exploration of the full diversity of Black Jews including bi racial Jews of both matrilineal and patrilineal descent adoptees black converts to Judaism and Black Hebrews and Israelites who trace their Jewish roots to Africa and challenge the dominant western paradigm of Jews as white and of European descent Blending historical analysis and oral history Haynes showcases the lives of Black Jews within the Orthodox Conservative Reconstruction and Reform movements as well as the religious approaches that push the boundaries of the common forms of Judaism we know today He illuminates how in the quest to claim whiteness American Jews of European descent gained the freedom to express their identity fluidly while African Americans have continued to be seen as a fixed racial group This book demonstrates that racial ascription has been shaping Jewish selfhood for centuries Pushing us to reassess the boundaries between race and ethnicity it offers insight into how Black Jewish individuals strive to assert their dual identities and find acceptance within their respective communities Putting to rest the simplistic notion that Jews are white and that Black Jews are therefore a contradiction the volume argues that we can no longer pigeonhole Black Hebrews and Israelites as exotic militant and nationalistic sects outside the boundaries of mainstream Jewish thought and community life The volume spurs us to consider the significance of the growing population of self identified Black Jews and its implications for the future of American Jewry
