The Art of Collectivity Jennifer Beth Spiegel, Benjamin Ortiz Choukroun, 2019-09-12 Amidst epidemics of youth alienation and cultural polarization community based artistic practices are sprouting up around the world as antidotes to policies of austerity and social exclusion Rejecting the radical individualism of the neoliberal era many artistic projects promote collectivity and togetherness in navigating challenges and constructing shared futures The Art of Collectivity is about how one such creative social program deployed this approach in service of a post neoliberal vision Focusing on a national social circus initiative launched by a newly elected Ecuadorean government to help actualize its citizens revolution the book explores the intersection between global cultural politics participatory arts collective health and social transformation The authors include scholars and practitioners of community arts humanities social sciences and health sciences from the Global North and Global South Sensitive to hierarchical binaries such as research practice north south and art science they work together to provide a multifaceted analysis of the way cultural politics shape policy pedagogy and aesthetic sensibilities as well as their socio cultural and health related effects The largest study of social circus to date combining detailed quantitative qualitative and arts based research The Art of Collectivity is a timely contribution to the study of cultural policies critical pedagogies collective art making and community development

The Faro Convention's role in a changing society Francesc Pla, Jovana Poznan, 2022-01-05 Council of Europe action in the field of cultural heritage targets promoting diversity and dialogue through access to heritage to foster a sense of identity collective memory and mutual understanding within and between communities The year 2021 marks the 10th

anniversary of the entry into force of the Framework Convention on the Value of Cultural Heritage for Society also known as the Faro Convention The present publication shows that what emerged back in 2005 as a truly innovative approach is still relevant today and can also have an impact on issues beyond its traditional realm This is illustrated through a set of articles that demonstrate the pertinence of the Faro Convention s approach to cultural heritage in addressing different aspects ranging from democratic participation to tourism rethinking The wide range of topics addressed and the numerous possibilities described by the various contributors suggest that the next ten years of the Faro Convention will be as challenging and rewarding as the decade that has elapsed since its entry into force

Creative Margins Alison L. Bain, 2013-12-11 Suburbs can be incubators of creativity innovative and complex but all too often underappreciated In *Creative Margins* Alison L. Bain documents the unique role of Canadian artists and cultural workers in suburban place formation and dismantles mischaracterizations of suburbs as cultural wastelands *Creative Margins* interweaves stories of the challenges and opportunities presented by the creation of culture in suburbs focusing on Etobicoke and Mississauga outside Toronto and Surrey and North Vancouver outside Vancouver The book investigates whether the creative process unfolds differently for suburban and urban cultural workers as well as how this process is affected by the presence or absence of cultural infrastructure and planning initiatives Bain shows how suburban culture can enhance a city region s vitality and sustainability This book firmly debunks the myth of culture as a solely urban phenomenon and demonstrates the social and economic merits of investing in suburban art and culture

The Power of Culture in City Planning Tom Borrup, 2020-11-29 The *Power of Culture in City Planning* focuses on human diversity strengths needs and ways of living together in geographic communities The book turns attention to the anthropological definition of culture encouraging planners in both urban and cultural planning to focus on characteristics of humanity in all their variety It calls for a paradigm shift re positioning city planners base maps to start with a richer understanding of human cultures Borrup argues for cultural master plans in parallel to transportation housing parks and other specialized plans while also changing the approach of city comprehensive planning to put people or users first rather than land uses as does the dominant practice Cultural plans as currently conceived are not sufficient to help cities keep pace with dizzying impacts of globalization immigration and rapidly changing cultural interests Cultural planners need to up their game and enriching their own and city planners cultural competencies is only one step Both planning practices have much to learn from one another and already overlap in more ways than most recognize This book highlights some of the strengths of the lesser known practice of cultural planning to help forge greater understanding and collaboration between the two practices empowering city planners with new tools to bring about more equitable communities This will be an important resource for students teachers and practitioners of city and cultural planning as well as municipal policymakers of all stripes
