Neushoorns In Het Nauw:

Securing Wilderness Landscapes in South Africa Harry Wels, 2015-05-12 Private wildlife conservation is booming business in South Africa Nick Steele stood at the cradle of this development in the politically turbulent 1970s and 1980s by stimulating farmers in Natal now KwaZulu Natal to pool resources in order to restore wilderness landscapes but at the same time improve their security situation in cooperative conservancy structures His involvement in Operation Rhino in the 1960s and subsequent networks to save the rhino from extinction brought him into controversial military oriented networks around the Western world The author s unique access to his private diaries paints a personal picture of this controversial
