The New Bodybuilding for Old School Results Ellington Darden, 2006-01-01 The New Bodybuilding for Old School Results By Ellington Darden Ph D Muscle magazines which feature distorted bodies and exaggerated parts are missing the mark with their audience The majority of readers are tired of seeing these cartoon characters and their fictional training Discontent is rampant throughout the bodybuilding world Most trainees dont want that bloated drug induced look of a modern pro bodybuilder Theyd much rather have that chiseled athletic look of the old school Mr Americas such as Steve Reeves Boyer Coe and Casey Viator These men possessed size and symmetry as well as strength and muscularity Just as important men of the old school passed down their training strategies and techniques athlete to athlete older to younger There was a great deal of mentoring that took place in the gym which is sorely lacking today This back to the future manual pushes for a return to old school attitudes and practices which were initially championed three decades ago by Nautilus founder Arthur Jones Jones with his high intensity training HIT created a bodybuilding revolution in the 1970s In those days strong men werent controlled by steroids Men were powerfully built because of hard brief smart exercise The middle section of this book contains exclusive interviews of Ben Sorenson Kim Wood Jim Flanagan Roger Schwab Tim Patterson Dan Riley Casey Viator Boyer Coe and others from the Golden Age of Bodybuilding These athletes and coaches share their guidelines and recollections about old school discipline which is the backbone of all result producing programs Illustrated are 32 tried and proved routines including the Best of the Best All the routines adapt easily to free weights and or machines In the final section Dr Ellington Darden personalizes HIT by connecting with his Web site DrDarden.com Trainees are directed on how to use a camcorder make a video of their routine and upload it for critical evaluation In return Dr Darden tweaks the workout with his experienced recommendations on proper form duration and frequency and then follow ups with each trainee for ongoing results Take the long ignored techniques of the masters Dr Darden says with conviction combine that with todays science and youve got The New Bodybuilding for Old School Results Bodybuilders and strength athletes everywhere will benefit from this learn from the past accelerate to the future plan The New Bodybuilding for Old School Results Trade paperback large horizontal format 10 75 x 8 inches 34 chapters 194 black and white photographs 352 pages 29 95 US 39 95 CAN Available December 5 2005 Ellington Darden Ph D is the author of 46 fitness publications including the bestselling The Nautilus Book The Nautilus Diet Living Longer Stronger and The New High Intensity Training
