Zago,2022-02-01 This volume offers the first comprehensive overview of the evolution over time of a foundational concept of the Egyptian afterlife beliefs the Duat or netherworld The Duat is a complicated multifaceted notion which was never canonized into a single version of the beyond but offered instead a variety of alternatives attempting to describe the metaphysical realms beyond the visible world and beyond life Theological speculations gave rise to a rich textual and visual repertoire which underwent a process of evolution over thousands of years during which newer ideas and images were constantly introduced Through the analysis of royal and non royal funerary texts from the late Old Kingdom to the end of the New Kingdom this book traces the development of the conceptualization of the notion of Duat outlining what it encompassed and where it was imagined to be located In addition to the translation and discussion of the most significant passages of the texts analyzed each chapter also provides an overview of the individual compositions and of the relevant theological cosmological and astronomical notions complementing the conceptual framework of which the Duat formed but a part Additionally discussions of concurrent changes in Egyptian culture society and ideology are included in order to clarify the context in which afterlife beliefs and related texts evolved An analysis of the correlation between funerary compositions and their material supports complements the study emphasizing the Egyptians belief in a magical synergy between texts images and their contexts in the activation of a suitable effective afterlife for the recipients of the texts **British Armour in the**

A Commentary on Ovid's Fasti, Book 6 R. Joy Littlewood,2006-06-29 After a period of neglect Ovid's elegiac poem on the Roman calendar has been the focus of much recent scholarship In her comprehensive and scholarly study of the final book Joy Littlewood analyses Ovid's account of the origins of the festivals of June demonstrating that Book 6 is effectively a commemoration of Roman War and elegantly provides a framing bracket to balance the opening celebration of Peace in Book 1 She explores the subtle interweaving of pietas and virtus in Roman religion and its relationship to Augustan ideology the depth and accuracy of Ovid's antiquarianism and his audacious expansion of generic boundaries **Lloyd's Register of British and Foreign Shipping** ,1908 *The Thought of Bal*

Gangadhar Tilak Robert E. Upton,2024 This work is a systematic study of Bal Gangadhar Tilak's thought focusing on his views on communal relations within the Indian polity on caste and reform in Hindu society and on political ethics regarding violence and non cooperation The Thought of Bal Gangadhar Tilak adopts a contextualist approach situating his ideas in local Maharashtrian as well as pan Indian and global cultural intellectual contexts The approach blends Tilak's quotidian journalism and speeches alongside his canonical texts on Aryan history and on the Bhagavad Gita The work marks a departure from current interpretations emphatically arguing that he is misappropriated and/or misunderstood as a proto Hindutva thinker Instead he is revealed to be a radical liberal who supports counter autocratic violence a majoritarian pluralist in terms of intercommunity relations a self strengthening reformer focused on masculinity committed to reshaping India for the challenges of modernity something fused in his thought with a resilient Brahmin supremacism This book lays emphasis on his remarkable recognition as the nation's founding father and particularly demonstrates how his appropriation by Gandhi was in turn contested by those emphasising Tilak's embrace of violence particularly in the crucial mid 1920s period when he was indelibly linked to re-emerging Hindutva More recently growing ahistorical demi-official insistence on his social progressivism illustrates a change in India's public culture as does the use of popular or even legal pressure to de-legitimize perennial criticism of Tilak's socio-political positions **Wisconsin Highway Traffic** ,1986 Wisconsin
