War of the Worlds (Large Print) H Wells, 2012-08-16 H G Wells novel The War of the Worlds was instantly transformed into the world's most recognizable radio drama by Orson Welles in 1938. As one of the earliest stories of conflict between an extraterrestrial race, it had almost launched the science fiction genre. This captivating story of hostile invaders from Mars decimating all human life in their path has gripped generations in this highly original story. Yet across the gulf of space, minds that are to our minds as ours are to those of the beasts that perish, intellects vast and cool and unsympathetic, regarded this earth with envious eyes and slowly and surely drew their plans against us. H G Wells The Affairs of Anatole Orson Welles, 1938
