Our First Time Anthology Of A Menage:

An Anthology of Women's Travel Writings Shirley Foster, Sara Mills, 2002 This anthology aims to challenge stereotypes of women travellers Rather than simply presenting writings by Victorian women who travelled bravely around the world disregarding social convention and danger the editors present a range of writing and possible ways of being a woman traveller As well as the eccentric woman traveller the editors have included writings by those who might be seen as failed travellers cautious and conventional travellers and those who did not conform to the adventurous heroine stereotype Because travelling as a woman and writing as a woman presents the author with a number of textual problems which must be negotiated Foster and Mills have chosen to include writings which confronted these problems and which resolved them or did not resolve them in different ways These textual problems include the depiction of other women the representation of spatial relations the negotiations undertaken in relation to the adventure heroine narrative and character and the position taken by the author in relation to the representation of knowledge These issues are all crucial in relation to travel writing by women and the women whose writing has been collected together in this anthology have made bold decisions in relation to them

Transforming the Republic of Letters April Shelford, 2007. A multi-faceted study of intellectual transformation in early modern Europe as seen through the eyes of a leading French scholar and cleric, Pierre Daniel Huet (1630-1721). Early modern Europe's most extensive commonwealth, the Republic of Letters, could not be found on any map. This republic had patriotic citizens but no army; it had its own language but no frontiers. From its birth during the Renaissance, the Republic of Letters long remained a small and close-knit elite community linked by international networks of correspondence, sharing an erudite neo-Latin culture. In the late seventeenth century, however, it confronted fundamental challenges that influenced its transition to the more public, inclusive, and vernacular.
