Our Marriage Surviving Addiction And Thriving In Sobriety:

Our Marriage Sue Pruett, 2010-09 Karl possessed enormous stubbornness which was both an asset and a liability in his quest for sobriety Paul Stuenkel former counselor at Menninger Hospital and St Francis Recovery Sue Pruett is living proof that the 12 Steps of Al Anon Alcoholics Anonymous Narcotics Anonymous and the loving people in those programs really work for healing No matter how deep the disease has devastated a person or their family there is hope there is help and there is health available Dr Ronald Lee Cobb former counselor at Valeo Mental Health Center Menninger Hospital and current Clinical Director of Hope Help Health in Holton KS I am so honored to have known Karl and Sue They help me remember why I have spent over 25 years working in the addiction field Even though Karl was the identified patient the family needed help and recovery too I pray that their story will give others the hope and belief that recovery is possible Joyce Markham LCSW former counselor St Francis Recovery As amazing as it seems I did not know about Karl's drinking for many years as he was a master of deception Living with the ups and downs of the roller coaster of addiction was a painful process for all of us Even once he started facing his problem he had multiple rehab treatments and many relapses Both family and friends urged me to give up on him thinking he was never going to embrace sobriety Thankfully a miracle happened and this man who stumbled so many times found his sobriety He became the man I always believed in and shared his lessons unselfishly with others for years I was naive and gullible enough to believe everything he told me When I realized the truth I was stubborn enough never to give up Oh by the way I loved him with all my heart The end was better than any fairy tale This is our story and this is our truth

We Saved Each Other Christopher Dale, 2024-03-27 Rescue dogs provide above and beyond value to humans at our most vulnerable when we experience deep depression and severe mental illness, searing trauma, and gripping grief. Debilitating drug addiction and, of course, strained relationships with our fellow humans. Alternating between memoir and rescue dog owner profiles, this book intimately binds together shelter dogs, mental health, and human relationships, exploring the tangible benefits these damaged dogs bring to us, damaged humans. The author offers firsthand experience with each of the mental health themes and relationship issues covered herein and discusses how his beloved rescue dog, a battered mutt with an odd name and a heartbreaking backstory, substantially helped him cope with these challenges. Throughout, we find rescue dogs compelling their humans to be better people, to push forward through headwinds, persist despite setbacks, and build self-esteem through the estimable acts of feeding, sheltering, and loving an innocent mistreated being.
