Sonic Agency Brandon Labelle, 2020-12-08 A timely exploration of whether sound and listening can be the basis of political change In a world dominated by the visual could contemporary resistances be auditory This timely and important book from Goldsmiths Press highlights sound s invisible disruptive and affective qualities and asks whether the unseen nature of sound can support a political transformation In Sonic Agency Brandon LaBelle sets out to engage contemporary social and political crises by way of sonic thought and imagination He divides sound s functions into four figures of resistance the invisible the overheard the itinerant and the weak and argues for their role in creating alternative unlikely publics in which to foster mutuality and dissent He highlights existing sonic cultures and social initiatives that utilize or deploy sound and listening to address conflict and points to their work as models for a wider movement He considers

issues of disappearance and hidden culture nonviolence and noise creole poetics and networked life aiming to unsettle traditional notions of the space of appearance as the condition for political action and survival By examining the experience of listening and being heard LaBelle illuminates a path from the fringes toward hope citizenship and vibrancy In a current climate that has left many feeling they have lost their voices it may be sound itself that restores it to them **Global**

Marxism Simin Fadaee,2024-09-10 A cutting edge exploration of how Marx's ideas have been adopted and adapted by revolutionary thinkers in the Global South For much of the twentieth century the ideas of Karl Marx provided the backbone for social justice around the world But today the legacy of Marxism is contested with some seeing it as Eurocentric and irrelevant to the wider global struggle In Global Marxism Simin Fadaee argues that Marxism remains a living tradition and the cornerstone of revolutionary theory and practice in the Global South She explores the lives ideas and legacies of a group of revolutionaries who played an exceptional role in contributing to counter hegemonic change Figures such as Ho Chi Minh Kwame Nkrumah Ali Shariati and Subcomandante Marcos did not simply accept the version of Marxism that was given to them they adapted it to local conditions and contexts In doing this they demonstrated that Marxism is not a rigid set of propositions but an evolving force whose transformative potential remains enormous This global Marxism has much to teach us in the never ending task of grasping the changing historical conditions of capitalism and the complex world in which we live **The History of Human Rights** Micheline Ishay,2008-06-02 Ishay recounts the struggle for human rights across the

ages from the Mesopotamian Codes of Hammurabi to the era of globalization She illustrates how the history of human rights has evolved from one era to the next through texts cultural traditions creative expression **Borderlands Saints** Desirée A. Martín,2013-12-19 In Borderlands Saints Desirée A. Martín examines the rise and fall of popular saints and saint-like figures in the borderlands of the United States and Mexico Focusing specifically on Teresa Urrea La Santa de Cabora Pancho Villa César Chavez Subcomandante Marcos and Santa Muerte she traces the intersections of these figures their devotees artistic representations and dominant institutions with an eye for the ways in which such unofficial saints mirror traditional spiritual practices and serve specific cultural needs Popular spirituality of this kind engages the use and exchange of relics faith healing pilgrimages and spirit possession exemplifying the contradictions between high and popular culture human and divine and secular and sacred Martín focuses upon a wide range of Mexican and Chicano cultural works drawn from the nineteenth century to the present covering such diverse genres as the novel the communiqué drama the essay or cinematic film and contemporary digital media She argues that spiritual practice is often represented as narrative while narrative whether literary historical visual or oral may modify or even function as devotional practice **The Struggle for the World** Charles Lindholm,José Pedro Zúquete,2010-03-09 This controversial book establishes fundamental similarities between anti-globalization aurora movements offering a new understanding of the sources and significance of resistance to the spiritual conditions of the modern world **One-Dimensional Man 50 Years On** Terry Maley,2017-06-27T00:00:00Z Herbert

Marcuse's *One Dimensional Man* has been called one of the most important books of the post WWII era. Published in 1964, Marcuse's work was highly critical of modern industrial capitalism, its exploitation of people and nature, its commodified aesthetics and consumer culture, the military industrial complex, and new forms of social control at the height of the Keynesian era. Contributors to this collection assess the key themes in *One Dimensional Man* from a diverse range of critical perspectives, including feminist, ecological, Indigenous, and anti-capitalist. In light of the current struggles for emancipation from neoliberalism in Canada and across the globe, this critical look at Marcuse's influential work illustrates its relevance today and introduces his work to a new generation.

Beyond Suffering and Reparation Timothy James

Bowyer, 2018-11-01 This book presents the key issues, debates, concepts, approaches, and questions that together define the lives of rural people living in extreme poverty in the aftermath of political violence in a developing country context. Divided into nine chapters, the book addresses issues such as the complexities of human suffering, losing trust, psychic wounds, dealing with post-traumatic stress situations, and disillusionment after change. By building knowledge about human and social suffering in a post-conflict environment, the book counters the objectification of human and social suffering and the moral detachment with which it is associated. In addition, it presents practical ways to help make things better. It discusses new methodological concepts based around empathy and participation to show how the subjective reality of human and social suffering matters. Finally, the book maps a burgeoning field of enquiry based around the need for linking psychosocial approaches with the actual lived experience of individuals and groups.
