

The Outsiders

by S. E. Hinton

Please answer the following questions on a separate sheet of paper.

Chapter 1

1. Who are the Socs? Who are the Greasers?

Socs - rich, madras, mustangs, East side

Greasers - poor, t-shirts and jeans, West side

2. How is Pony's relationship with Darry different from his relationship with Soda?

Darry is more like a father-figure to Pony. He loves him, but they argue a lot and he is hard on him. Soda and Pony are friends. He really understands Pony and they have a lot in common.

3. Why is the "gang" so important to Johnny?

He relies on them like family, because his father abuses him and his mother ignores him.

4. Do you think Darry loves Pony? Why does he treat Pony the way he does?

Yes, he does love Pony. He is hard on Pony because he doesn't want him to get in trouble because then the boys would be split up. He wants Pony to have a good life.

5. Explain what Pony means when he says, "I lie to myself all the time". Why do you think people lie to themselves?

He tries to convince himself something is truth. For example, he tries to convince himself that he doesn't care that Darry doesn't love him, but he does care whether or not Darry loves him.

Chapter 2

1. Who are Cherry and Marcia?

Two Socy girls Pony and Johnny picked up at the drive-in.

2. Why is it strange that Cherry and Pony get along so well?

Socs and Greasers shouldn't get along, but Cherry and Pony have a lot in common - sunsets, dreamers, school.

3. According to Two-Bit, what is a "fair fight"? Why don't Socs fight fair?

Making Moral Sense Logi Gunnarsson, 2000-09-18 Is it rational to be moral Can moral disputes be settled rationally Which criteria determine what we have a good reason to do In this innovative book Logi Gunnarsson takes issue with the assumption made by many philosophers faced with the problem of reconciling moral norms with a

scientific world view namely that morality must be offered a non moral justification based on a formal concept of rationality He argues that the criteria for the rationality of an action are irreducibly substantive rather than purely formal and that assuming that morality must be given a non moral justification amounts to a distortion of both rationality and morality His discussion includes substantial critical engagement with major thinkers from two very different philosophical traditions and is notable for its clear and succinct account of Habermas discourse ethics It will appeal to anyone interested in practical reason and the rational credentials of morality The Invention of ›Outsider Art‹ Marion Scherr,2022-09-01 What does it mean to be called an Outsider Marion Scherr investigates structural inequalities and the myth of the Other in Western art history examining the role of Outsider Art in contemporary art worlds in the UK By shifting the focus from art world professionals to those labelled Outsider Artists she counteracts one sided representations of them being otherworldly raw and uninfluenced Instead the artists are introduced as multi faceted individuals in constant exchange with their social environment employing diverse strategies in dealing with their exclusion The book reframes their voices and artworks as complex serious and meaningful cultural contributions and challenges their attested Otherness in favour of a more inclusive all encompassing understanding of art Participatory Analysis, Monitoring and Evaluation for Fishing Communities R.
