Liturgy Alejandro Enrique Planchart, 2017-07-05 After the imposition of Gregorian chant upon most of Europe by the authority of the Carolingian kings and emperors in the eighth and ninth centuries a large number of repertories arose in connection with the new chant and its liturgy Of these repertories the tropes together with the sequences represent the main creative activity of European musicians in the ninth tenth and eleventh centuries Because they were not an absolutely official part of the liturgy as was Gregorian chant they reflect local traditions particularly in terms of melody and more so than the new pieces that were composed at the time In addition the earlier layers of tropes represent in many cases a survival of the pre local pre Gregorian melodic traditions This volume provides an introduction to the study of tropes in the form of an extensive anthology of major studies and a comprehensive bibliography and constitutes a classic reference resource for the study of one of the most important musico liturgical genres of the central middle ages *Catholic Encyclopedia* ,1911
