Marc. Merrill, 2012-05-04 Like the Great Pyramid mysteries surround the other pyramids as well as other features found at the Giza plateau in Egypt For example Why does the second pyramid have two entrances both off center while the single entrance to the third pyramid is centered What was the purpose of the two lower chambers in the second pyramid Moreover why was the sarcophagus in this pyramid made to be wider than the passages that lead to the upper chamber In a related matter why were the bones of a bull placed in the sarcophagus And why was the sarcophagus sunk into the floor up to its lid At the third pyramid why were parts of a body dating to the Christian period wrapped in a coarse yellow woolen cloth and buried beneath three feet of rubbish in the upper chamber Why in the third pyramid was the lower vaulted chamber designed so that it would absorb both sound and light Out on the plateau what was the purpose of the so called trial passages On the south side of the Great Pyramid why was an ancient boat dismantled and buried in a pit east of that pyramids north south axis And what was stored in the other pit west of the axis Do the four so called air shafts in the Great Pyramid link the three major pyramids together And how are the compartments above the Kings Chamber related to the end time David Furlong author of The Keys to the Temple says the whole of the Giza complex was based on a coherent design intended to portray a spiritual theme page 89 Volume 2 of Books Written in Stone Enoch the Seer the Pyramids of Giza and the Last Days provides the evidence to support this thesis *The Mysteries of the Great Cross of Hendaye* Jay Weidner, Vincent Bridges, 2003-12-10 Decodes the message inscribed on the Great Cross of Hendaye in France Uses the work of 20th century alchemist Fulcanelli to predict the date of the fatal season of the apocalypse Shows how periodic galactic alignments may cause catastrophes on Earth Examines how the secret of the center of the galaxy reveals the true location of the lost civilization of Atlantis Reveals the alchemical secret of the imperishable Light Body of ancient Egypt deep within our DNA The Mysteries of the Great Cross of Hendaye reveals one of Western occultism s deepest secrets The alchemical transformation of base metal into gold is also the transformation of the current Iron Age into the Golden Age Based on the work of the enigmatic 20th century alchemist Fulcanelli authors Weidner and Bridges show how the greatest alchemical secret is that of time itself and that coded into an obscure monument in southwestern France the cross in the town square of Hendaye is the imminent date of the apocalypse The authors explorations of this symbolism lead them from the cross of Hendaye to the western facade of the cathedral of

Notre Dame in Paris the Pyrenees ancient Egypt and the secret origins of Atlantis in Peru to reveal that we are indeed living in a fatal season and that this season is intimately connected to our solar system's alignment with the galactic center The authors in depth examination of alchemy's connection with the coming end days also reveals that this astro alchemical knowledge was part of the sacred science of the Egyptians and the Atlanteans whose coded messages are at last deciphered to guide humanity to its future destiny

Powwowing Among the Pennsylvania Dutch David W. Kriebel, 2007 Known in Pennsylvania Dutch as *brauche* or *braucherei* the folk healing practice of powwowing was thought to draw upon the power of God to heal all manner of physical and spiritual ills Yet some people believed and still believe today that this power to heal came not from God but from the devil Controversy over powwowing came to a climax in 1929 with the York Hex Murder Trial in which one powwower from York County Pennsylvania killed another powwower who he believed had placed a hex on him In *Powwowing Among the Pennsylvania Dutch* David Kriebel examines the practice of powwowing in a scholarly light and shows that contrary to popular belief the practice of powwowing is still active today Because powwowing lacks extensive scholarly documentation David Kriebel describes the practice of powwowing as it was practiced in years past compared with the practice today a discussion of the belief of powwowing as healing and a discussion of the future if any of powwowing and what it will take for powwowing to continue to survive

just in Egypt but in Greece as well The most famous of these came from grave 5 at Mycenae Each eye of this gold mask has double eyelids In addition like the Sphinx at Giza and the Shroud of Turin the left eye is higher than the right and the mouth is not centered How can such similarities be explained Turning to Italy on the underside of the right wrist of the Prima Porta statue of Augustus there is the distinct impression of the head of a spike According to historians this statue depicts the first emperor of Rome but what if it is instead a portrait of a man who was crucified These mysteries along with many others are examined in detail and then convincingly explained in this first of two volumes to explore crucial links between Egypt Israel Greece and Italy **Symbols and Emblems of Early and Mediaeval Christian Art** Louisa Twining, 1852 **Russian**
