

The background of the cover is a long-exposure photograph of a highway at night. The road curves into the distance, with light trails from cars creating vibrant streaks of red and white. The sky is dark with some light clouds. In the top right corner, there is a large, stylized graphic element consisting of overlapping red and dark blue geometric shapes, resembling a large 'V' or a stylized 'O'.

Student's Guide to Writing Dissertations and Theses in Tourism Studies and Related Disciplines Tim Coles, David Timothy Duval, Gareth Shaw, 2013 This book intends to take the stress and anxiety out of doing a dissertation in tourism studies and related disciplines The dissertation process is examined from the germination of an idea to the submission presentation and assessment of the final document We offer a framework for conducting dissertations in the English speaking world which students can adopt to varying degrees in their research at the undergraduate and masters levels We aim to debunk the popular myths and common pitfalls of doing a dissertation Rather than view the dissertation as a single overwhelming project the dissertation is presented as a series of more modest manageable yet crucially inter linked tasks that all students can successfully complete through effective time management
