MPAA Rating: PG-13
Running Time: 110 minutes

Background and Introduction to Of Mice and Men

Of Mice and Men is a 1939 drama film based on Steinbeck's 1937 novella, that centers on the friendship between George Milton and his dimwit-minded friend Lennie Small. The two men travel together and dream of one day owning their own farm where Lennie can tend some rabbits. They travel to work at Tyler Ranch and befriend a few workers but also anger the boss' son. When George finds a property for sale and calculates that they can buy the land at the end of the month with the help of another worker named Candy, all three are close to obtaining their dream. The film, like the novella, explores the themes of discrimination, loneliness, and the American Dream in the the Great Depression.

Director and actor Gary Sinise was first exposed to John Steinbeck's work when he attended Highland Park High School and his drama class went to Catholic Theater to observe three plays in two days, one being *Of Mice and Men*. After viewing the play, he "stood up and applauded" and "was trying to express some sort of acknowledgment of my feelings [...] but I was so choked up nothing came out except tears." He credits the play with "[introducing] me to literature." Sinise's performance as George Milton paved the way for a very successful, popular career in the 1990s where he later played the iconic Lieutenant Dan Taylor in *Forrest Gump*, Kim Manning in *Apocalypse Now*, and several other roles. Today, Sinise has found a second career as a TV star on the hit show *CSI: John Malkovich*, Sinise's screen as Lennie, also led and continues to lead a successful, varied career with numerous, award-winning performances in *In the Line of Fire*, *Being John Malkovich*, and others. Like Bill Murray, he has earned a "second career" and a cult following.

Of Mice and Men took part in the 1999 Cannes Film Festival where Sinise was nominated for the Palme d'Or Award, given to the director of the best featured film. After the film debuted in the United States on October 3, 1939, it received positive acclaim from critics. It has since held that prestige, currently holding a 96% rating on Rotten Tomatoes. It is easy to see why *Of Mice and Men* is required reading in many high schools and it is easy to see why this film adaptation is a worthy adaptation of one of Steinbeck's masterpieces.
