

NEW LONGMAN LITERATURE

"Guys like us, that work on ranches, are the loneliest guys in the world. They got no family. They don't belong no place... With us it ain't like that. We got a future... *because I got you to look after me, and you got me to look after you.*"

Of Mice and Men is a poignant tale of the extraordinary friendship between two itinerant workers in the harsh depression years of 1930s America. George and his large, simple-minded friend Lennie share a dream that one day they will have some land of their own. But when the two men find work on a ranch in California's Salinas Valley, their dream is tested to the limit.
