Old Calabria Norman Douglas,1915      **Old Calabria** Norman Douglas,1996 First published in 1915 Old Calabria is a comprehensive and exciting account of adventure travel Captivated by the pagan quality of the mezzogiorno Norman Douglas plunged into Calabria the southernmost and most backward part of Italy a province that was still largely devoid of any form of modern amenity He endured extremes of climate scaled mountains rode in carriages driven by villainous coachmen and traversed remote stretches of country where murderous groups of banditti were known to roam As Jon Manchip White points out in his introduction it makes good reading but it must have constituted a protracted and frightening ordeal frightening that is to anyone except someone like Douglas possessed of a more than normal share of guts and fortitude      **Old Calabria** Norman Douglas,2019-06-19 Travel author Norman Douglas shares his experiences and photographs of Calabria a beautiful and historic yet secluded region of rural Italy as it was at the turn of the 20th century A wonderful guide to a region home to breathtaking landscapes and ancient ruins Old Calabria contains many details of the region and is described from a perspective of the eloquent and well informed author The manners of the locals the customs and appearance of their villages and farmsteads and the agriculture of the countryside are narrated evocatively Over the centuries Calabria has received migrants from Asia Africa and elsewhere and the profile of the people who clearly descend from these migrants that Douglas has much interest The cultural and religious customs of Calabria are shown to have evolved somewhat in isolation to the rest of Italy and life is shown to move slowly and place great emphasis upon traditions and the Roman Catholic faith      OLD CALABRIA NORMAN. sufficiently high to dominate the wide Apulian plain And the nakedness of the land stimulates this aerial sense There are some trees in the Belvedere or public garden that lies on the highest part of the spur and affords a fine view north and eastwards But the greater part were only planted a few years ago and those stretches of brown earth those half finished walks and straggling pigmy shrubs give the place a crude and embryonic appearance One thinks that the designers might have done more in the way of variety there are no conifers excepting a few cryptomerias and yews which will all be dead in a couple of years and as for those yuccas beloved of Italian municipalities they will have grown more dyspeptic looking than ever None the less the garden will be a pleasant spot when the ilex shall have grown higher even now it is the favourite evening walk of the citizens About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
