More Than A Game Selected Sporting Essays:

More Than A Game Con Houlihan, 2013-02-25 Con Houlihan was quite simply one of Ireland's finest sports writers. Over a lengthy career Con covered many of the greatest Irish and international sporting events from classic Gaelic football and hurling finals to the soccer and rugby World Cups, the Olympics and memorable race meetings at home and abroad. He also covered sport's biggest stars from George Best to Muhammad Ali. *More Than A Game* gathers together the finest examples of his sports journalism from the mid 1970s to the early 2000s. Let Con be your guide to some of the greatest moments and characters in Irish and world sport.

More Than a Game David K. Wiggins, 2018-10-01 *More than a Game* discusses how African American men and women sought to participate in sport and what that participation meant to them: the African American community and the United States more generally. Recognizing the complicated history of race in America and how sport can both divide and bring people together, the book chronicles the ways in which African Americans overcame racial discrimination to achieve success in an institution often described as America's only true meritocracy. African Americans have often glorified sport, viewing it as one of the few ways they can achieve a better life. In reality, while some African Americans found fame and fortune in sport, most struggled just to participate, let alone succeed at the highest levels of sport. Thus, the book has two basic themes. It discusses the varied experiences of African Americans in sport and how their participation has both reflected and changed views of race.

In My Own Words Paul Galvin, 2014-10-30 One of the greatest GAA footballers of the modern era, Paul Galvin has enjoyed a brilliant and at times controversial career. Winning four senior All Ireland medals with Kerry and eight Munster championships, he was also a three-time All Star and 2009 Footballer of the Year. His inter-county career took off in the late 1990s when he picked up a Munster minor championship medal in 1997 and another at under 21 level in 1999. But it was in the senior team throughout the 2000s that Paul came into his own. In a period defined by great rivalry with Tyrone, he became a key playmaker for Kerry, never failing to give his all in pursuit of victory. Over the course of a career marked by courage, physicality and an intense passion for the Green and Gold, there were many glorious days. There were other days too, with controversial incidents that led to a number of suspensions, most notably in 2008, the year in which Paul also had the honour of being the Kerry captain. 2009 brought redemption, but 2010 presented new challenges. In this fiercely honest autobiography, Paul offers in his own words a compelling, unflinching account of a career that has fascinated football fans for over a decade.

Beating Them at Their Own Game Patrick West, 2006 *Beating Them at Their Own Game* charts how Irish players, managers and business people have come to have a disproportionate influence on soccer in the UK. An entertaining survey of the growing prominence of Irish figures from the post-war period to the present day, it chronicles the period of time in which soccer in Ireland has evolved from being derided as a foreign and essentially Anglo-Saxon game that no true Irishman would play to a beloved sport that inspires almost religious following. Not only have the Irish taken soccer to their heart, they have taught the nation that gave the game the same nation that ruled

them for 800 years how to play it From Pat Jennings to Martin O'Neill Kevin Moran Frank Stapleton David O'Leary Mick McCarthy to Niall Quinn and Roy and Robbie Keane in *Beating Them at Their Own Game* Patrick West documents how Irish players have in many ways changed and shaped English soccer over the last forty years Launched by former Republic of Ireland manager Eoin Hand the book also deals with the success of Northern Irish players George Best Sammy McIlroy and Norman Whiteside the consummation of Ireland's ascendancy with their victory over England in the 1988 European Championships Tony Cascarino's admission that he is not Irish and the debates about how Irish the international team was and is and the way in which the favor has been returned with Jack Charlton and now Bobby Robson coaching the Irish side On another level it is a microcosm of how Ireland and Anglo Irish relations have changed in recent years how Ireland has become more multiracial and tolerant of foreign games and how the English have lost their ancient hostility towards the Irish and come to view them increasingly as allies and neighbors Although Patrick West is British he writes emphatically and flatteringly of his admiration of Irish sporting culture following a tradition of Bill Bryson on England and Pete McCarthy on Ireland Image courtesy of Fionnbar Callanan from his book *A Sporting Eye* **Footnomics and the Business of Sport** Tim Harcourt, 2024-09-17 In the 21st century sport is big business big international business The huge investments made in the World Cup and the Olympics show how important sport is to national economic activity economic well being international trade and diplomacy and national pride This book guides readers through the economics of sport and the battle of the football codes in Australia between Aussie Rules Rugby Union Rugby League and Soccer The book is a must read for the Australian sports fanatic or anyone interested in business strategy in the 21st century For the international observer it provides a unique insight into the Australian psyche **Books Ireland**, 2004 **Select Essays of Addison** Joseph Addison, 1892 Write Successful College Applications: It's More Than Just the Essay!
