**Al Qaeda, the Islamic State, and the Global Jihadist Movement** Daniel Byman, 2015-07-23 On the morning of September 11 2001 the entire world was introduced to Al Qaeda and its enigmatic leader Osama bin Laden But the organization that changed the face of terrorism forever and unleashed a whirlwind of counterterrorism activity and two major wars had been on the scene long before that eventful morning In Al Qaeda the Islamic State and the Global Jihadist Movement What Everyone Needs to Know Daniel L Byman an eminent scholar of Middle East terrorism and international security who served on the 9 11 Commission provides a sharp and concise overview of Al Qaeda from its humble origins in the mountains of Afghanistan to the present explaining its perseverance and adaptation since 9 11 and the limits of U S and allied counterterrorism efforts The organization that would come to be known as Al Qaeda traces its roots to the anti Soviet jihad in Afghanistan in the 1980s Founded as the Soviets withdrew from Afghanistan Al Qaeda achieved a degree of international notoriety with a series of spectacular attacks in the 1990s however it was the dramatic assaults on the World Trade Center and the Pentagon on 9 11 that truly launched Al Qaeda onto the global stage The attacks endowed the organization with world historical importance and provoked an overwhelming counterattack by the United States and other western countries Within a year of 9 11 the core of Al Qaeda had been chased out of Afghanistan and into a variety of refuges across the Muslim world Splinter groups and franchised offshoots were active in the 2000s in countries like Pakistan Iraq and Yemen but by early 2011 after more than a decade of relentless counterterrorism efforts by the United States and other Western military and intelligence services most felt that Al Qaeda's moment had passed With the death of Osama bin Laden in May of that year many predicted that Al Qaeda was in its death throes Shockingly Al Qaeda has staged a remarkable comeback in the last few years In almost every conflict in the Muslim world from portions of the Xinjiang region in northwest China to the African subcontinent Al Qaeda franchises or like minded groups have played a role Al Qaeda's extreme Salafist ideology continues to appeal to radicalized Sunni Muslims throughout the world and it has successfully altered its organizational structure so that it can both weather America's enduring full spectrum assault and tailor its message to specific audiences Authoritative and highly readable Byman's account offers readers insightful and penetrating answers to the fundamental questions about Al Qaeda who they are where they came from where they're going and perhaps most critically what we can do about it What Everyone Needs to Know is a registered trademark of Oxford University Press

Morris,2011-05-25 *Righteous Victims* by the noted historian Benny Morris is a comprehensive and objective history of the long battle between Arabs and Jews for possession of a land they both call home It appears at a most timely juncture as the bloody and protracted struggle seems at last to be headed for resolution With great clarity of vision Professor Morris finds the roots of this conflict in the deep religious ethnic and political differences between the Zionist immigrants and the native Arab population of Palestine He describes the gradual influx of Jewish settlers which was eventually fiercely resisted by the Arabs during the decades of British Mandatory government following World War I The establishment of the State of Israel in 1947 48 gave the Jews a homeland in the wake of the Holocaust but the ensuing flight of the Palestinian Arabs shattered their society and led to the birth of a festering refugee problem Morris describes these epic events and the Arab onslaught that followed as he does each of the subsequent wars in 1956 1967 1973 and 1982 85 the Intifada of 1987 91 when the Palestinian populace of the West Bank and Gaza Strip rebelled against Israeli rule and the rise of fundamentalist religious movements on both sides of the barricades Tracing the successes and failures of politicians generals and diplomats in both camps he regards their actions and plight with accuracy and empathy drawing on archival materials memoirs and secondary works to give a vivid account of each major military encounter and of the vicissitudes of peace efforts from the post 1948 negotiations through the Camp David 1977 79 Oslo 1993 95 and Wye River Plantation 1998 accords Mr Morris offers sharply etched portraits and illuminating anecdotes about the charismatic leaders who have been the chief protagonists of this contentious history including Theodor Herzl Hajj Amin al Husseini David Ben Gurion Anwar Sadat and Menachem Begin to name only a few *Righteous Victims* ends with Mr Morris s analysis of the current state of play when the election of Ehud Barak as prime minister May 1999 has opened the door to a renewal of negotiations between Israel and its Palestinian and Syrian neighbors As the denizens of the Middle East set out to write the next chapter in this long and difficult struggle *Righteous Victims* is essential reading a monumental work of narration and explication for all who seek to understand the history of the conflict and the prospects for peace *The SAGE Encyclopedia of Terrorism, Second Edition* Gus
