Men And The War On Obesity A Sociological Study:

Men and the War on Obesity Lee F. Monaghan, 2008-04-02 Lee F Monaghan offers a timely critical and original take on the obesity debate bringing male bodies into the frame and questioning the claim from public health that millions of people are unhealthy because they are overweight or obese

Obesity Discourse and Fat Politics Lee Monaghan, Rachel Colls, Bethan Evans, 2015-12-22 There is considerable rhetoric and concern about weight and obesity across an increasing range of national contexts Alarmist claims about an obesity time bomb are continually recycled in policy reports reviews and white papers each of which begin with the assumption that fatness is fundamentally unhealthy and damaging to national economies With contributions from the UK Canada the USA and Australia this book offers alternative critical perspectives on this alleged public health crisis which were in part developed through an Economic and Social Research Council seminar series on Fat Studies and Health at Every Size HAES Written by scholars from a range of disciplines and the health professions themes include an interrogation of statistical procedures used to construct the obesity epidemic overweight and obesity as cultural signifiers for Type 2 diabetes understandings of healthy eating and healthy weight in a problem population gendered expectations on men and women to lose weight the visual representation of obesity tensions when researching anti fatness critical dietitians engagement with HAES alternative ways of promoting physical activity and representations of obesity in the media This book was originally published as a special issue of Critical Public Health

Challenging Myths of Masculinity Lee F. Monaghan, Michael Atkinson, 2016-04-15 Many myths surround male bodies and associated bodywork especially when such bodywork is labelled culturally or socially atypical or problematic Bodybuilding for example has been explained in terms of gender inadequacy and an Adonis complex akin to reverse anorexia while men electing to undergo aesthetic cosmetic surgery are deemed too concerned about their appearance and thus woman like Myths also discredit men and boys who do not engage in appropriate bodywork when this is expected For instance amidst public health concerns surrounding a so called obesity epidemic men and boys who resist physical activity and or attempts to promote a healthy weight are deemed ignorant apathetic and in need of correction Drawing on extensive field research conducted in North America and Britain over a twenty year period this book challenges such masculine myth making Mindful of a rich sociological tradition that seeks to understand the social world as lived and experienced the authors provide insights that are likely to challenge common perceptions of various groups of men and boys their diverse physical cultures shared ways of being and identities Presenting empirically grounded understandings of diverse bodily practices and discourses including bodybuilding cosmetic surgery dieting and nightclub security Challenging Myths of Masculinity will appeal to scholars of sociology geography and cultural studies with interests in gender embodiment and masculinities

Revisioning John Chrysostom Chris de Wet, Wendy Mayer, 2019-01-04 In Revisioning John Chrysostom Chris de Wet and Wendy Mayer harness and promote a new wave of scholarship on the life and works of this famous late antique c 350 407 CE preacher New theories

from the cognitive and neurosciences cultural and sleep studies and history of the emotions among others meld with reconsideration of lapsed approaches his debt to Graeco Roman paideia philosophy and now medicine resulting in sometimes surprising and challenging conclusions Together the chapters produce a fresh vision of John Chrysostom that moves beyond the often negative views of the 20th century and open up substantially new vistas for exploration

Fat on Film Barbara Plotz,2020-02-20 Over the last two decades fatness has become the focus of ubiquitous negative rhetoric in the USA and beyond presented under the cover of the medicalized war against the obesity epidemic In Fat on Film Barbara Plotz provides a critical analysis of the cinematic representation of fatness during this timeframe specifically in contemporary Hollywood cinema with an emphasis on the intersection of gender race and fatness The analysis is based on around 50 films released since 2000 and includes examples such as Transformers 2007 Precious 2009 Kung Fu Panda 2008 Paul Blart 2009 and Pitch Perfect 2012 Plotz maps the common cinematic tropes of fatness and also shows how commonplace notions of fatness that are part of the current obesity epidemic discourse are reflected in these tropes In this original study Plotz brings critical attention to the politics of fat representation a topic that has so far received little attention within film and cinema studies

Masculinity and Body Weight in Japan Genaro Castro-Vázquez,2020-04-07 Drawing on the concept of the somatic self Castro V zquez explores how Japanese men think about express and interpret their experiences concerning bodyweight control Based on an extensive ethnographic investigation this book offers a compelling analysis of male obesity and overweight in Japan from a symbolic interactionism perspective to delve into structure meaning practice and subjectivity underpinning the experiences of a group of middle aged Japanese men grappling with body weight control Castro V zquez frames obesity and overweight within historical and current global and sociological debates that help to highlight the significance of the Japanese case By drawing on evidence from different locations and contexts he sustains a comparative perspective to extend and deepen the analysis A valuable resource for scholars both of contemporary masculinity and of medical sociology especially those with a particular interest in Japan

Immersion Karen Throsby,2016-07-01 Immersion is about the extreme sport of marathon swimming Drawing on extensive auto ethnographic data Immersion explores the embodied and social processes of becoming a marathon swimmer and investigates how social belonging is produced and policed Using marathon swimming as a lens this foundation provides the basis for an exploration of what constitutes the good body in contemporary neoliberal society across a range of sites including charitable swimming fatness gender and health The book argues that the self representations of marathon swimming are at odds with its lived realities and that this reflects the entrenched and limited discursive resources available for thinking about the sporting body in the wider social and cultural context The book is aimed primarily at readers at undergraduate level and upwards with an interest in sociology the sociology of the body the sociology of sport gender and the sociology of health and illness

Debating Obesity E. Rich,L. F. Monaghan,L. Aphramor,2010-11-17 This book brings together critical perspectives on some of the recent claims

associated with the obesity crisis It develops both theoretical and conceptual arguments around the obesity debate as well as taking a more practical focus in terms of implications for the health professions to outline an agenda for a critical weight studies

The Biopolitics of Lifestyle Christopher Mayes,2015-12-22 A growing sense of urgency over obesity at the national and international level has led to a proliferation of medical and non medical interventions into the daily lives of individuals and populations This work focuses on the biopolitical use of lifestyle to govern individual choice and secure population health from the threat of obesity The characterization of obesity as a threat to society caused by the cumulative effect of individual lifestyles has led to the politicization of daily choices habits and practices as potential threats This book critically examines these unquestioned assumptions about obesity and lifestyle and their relation to wider debates surrounding neoliberal governmentality biopolitical regulation of populations discipline of bodies and the possibility of community resistance The rationale for this book follows Michel Foucault s approach of problematization addressing the way lifestyle is problematized as a biopolitical domain in neoliberal societies Mayes argues that in response to the threat of obesity lifestyle has emerged as a network of disparate knowledges relations and practices through which individuals are governed toward the security of the population s health Although a central focus is government health campaigns this volume demonstrates that the network of lifestyle emanates from a variety of overlapping domains and disciplines including public health clinical medicine media entertainment school programs advertising sociology and ethics This book offers a timely critique of the continued interventions into the lives of individuals and communities by government agencies private industries medical and non medical experts in the name of health and population security and will be of interests to students and scholars of critical international relations theory health and bioethics and governmentality studies

Diet and the Disease of Civilization Adrienne Rose Bitar,2018-01-26 Diet books contribute to a 60 billion industry as they speak to the 45 million Americans who diet every year Yet these books don t just tell readers what to eat they offer complete philosophies about who Americans are and how we should live Diet and the Disease of Civilization interrupts the predictable debate about eating right to ask a hard question what if it s not calories but concepts that should be counted Cultural critic Adrienne Rose Bitar reveals how four popular diets retell the Fall of Man as the narrative backbone for our national consciousness Intensifying the moral panic of the obesity epidemic they depict civilization itself as a disease and offer diet as the one true cure Bitar reads each diet the Paleo Diet the Garden of Eden Diet the Pacific Island Diet the detoxification or detox diet as both myth and manual a story with side effects shaping social movements driving industry and constructing fundamental ideas about sickness and health Diet and the Disease of Civilization unearths the ways in which diet books are actually utopian manifestos not just for better bodies but also for a healthier society and a more perfect world

New Directions in Social Theory, Education and Embodiment John Evans,Brian Davies,2014-10-29 This book exemplifies the nurturing spirit of inter discursive debate with a view to opening up new theoretical and empirical insights understanding and engagement with

debates on issues relating to pedagogy policy equity and embodiment From a variety of social science perspectives an international force of contributors apply a multitude of concepts to research agendas which illustrate the multiple ways in which the body both impacts culture and is simultaneously and seamlessly positioned and shaped by it maintaining social reproduction of class and cultural hierarchies and social regulation and control They attest that once we begin to trace the flow of knowledge and discourses across continents countries regions and communities by registering their re contextualisation both within various popular pedagogies e g newspapers film TV web pages IT and the formal and informal practices of schools families and peers we are compelled to appreciate the bewildering complexity of subjectivity and the ways in which it is embodied Indeed the chapters suggest that no matter how hegemonic or ubiquitous discursive practices may be they inevitably tend to generate both intended and unexpected affects and effects people and populations cannot easily be determined suppressed or controlled This book was originally published as a special issue of *Sport Education and Society*
