Marketing and Consuming the Menopause Transition* Jennifer Takhar, Anna Schneider-Kamp, Shona Bettany, 2025-08-26 This book critically examines the marketisation of the menopause transition a phenomenon that in recent years has given rise to an array of products services investment opportunities and the supposed empowerment of women navigating midlife transitions As venture capitalists and well being brands converge on this new frontier in marketing opportunity our book critically assesses the issues that accompany the latest menopause market trends and evolving consumer predilections These include biomedical possibilities rebranding feminism the rise of menopause influencers celebrity and social media enabled menopause advocacy novel advertising rhetoric and corporeal representations that challenge the public s expectations of ageing women s bodies and attitudes The chapters in this book adopt interdisciplinary perspectives to reveal how sociocultural narratives influence menopause marketing strategies and suggest how they may be utilised to rethink advertising rhetoric to faithfully represent lived experiences of the menopause This book addresses an international readership of scholars and practitioners of marketing consumer behaviour advertising rhetoric life course
