Goodwin, 2023-11-07 A micro biography of horror fiction s most influential author and his love hate relationship with New York City By the end of his life and near financial ruin pulp horror writer Howard Phillips Lovecraft resigned himself to the likelihood that his writing would be forgotten Today Lovecraft stands alongside J R R Tolkien as the most influential genre writer of the twentieth century His reputation as an unreformed racist and bigot however leaves readers to grapple with his legacy **Midnight Rambles** explores Lovecraft s time in New York City a crucial yet often overlooked chapter in his life that shaped his literary career and the

inextricable racism in his work Initially New York stood as a place of liberation for Lovecraft During the brief period between 1924 and 1926 when he lived there Lovecraft joined a creative community and experimented with bohemian living in the publishing and cultural capital of the United States He also married fellow writer Sonia H Greene a Ukrainian Jewish migr in the fashion industry However cascading personal setbacks and his own professional ineptitude soured him on New York As Lovecraft became more frustrated his xenophobia and racism became more pronounced New York s large immigrant population and minority communities disgusted him and this mindset soon became evident in his writing Many of his stories from this era are infused with racial and ethnic stereotypes and nativist themes most notably his overtly racist short story The Horror at Red Hook set in Red Hook Brooklyn His personal letters reveal an even darker bigotry Author David J Goodwin presents a chronological micro biography of Lovecraft s New York years emphasizing Lovecraft s exploration of the city environment the greater metropolitan region and other locales and how they molded him as a writer and as an individual Drawing from primary sources letters memoirs and published personal reflections and secondary sources biographies and scholarship Midnight Rambles develops a portrait of a talented and troubled author and offers insights into his unsettling beliefs on race ethnicity and immigration

Hand-book of Newport, and Rhode Island John Ross Dix, 1852 **Forest and Crag** Laura Waterman, Guy
Waterman, 2019-02-28 A compelling story of our ever evolving relationship with the mountains and wilderness Thirty years
after its initial publication this beloved classic is back in print Superbly researched and written Forest and Crag is the
definitive history of our love affair with the mountains of the Northeastern United States from the Catskills and the
Adirondacks of New York to the Green Mountains of Vermont the White Mountains of New Hampshire and the mountains of
Maine It s all here in one comprehensive volume the struggles of early pioneers in America s first frontier wilderness the first
ascent of every major peak in the Northeast the building of the trail networks including the Appalachian Trail the golden era
of the summit resort hotels and the unforeseen consequences of the backpacking boom of the 1970s and 80s Laura and Guy
Waterman spent a decade researching and writing Forest and Crag and in it they draw together widely scattered sources
What emerges is a compelling story of our ever evolving relationship with the mountains and wilderness a story that will
fascinate historians outdoor enthusiasts and armchair adventurers alike Just like a good map is essential equipment for any
backcountry adventure Forest and Crag is an essential read for anyone who enjoys spending time in or is charged with the
stewardship of the Northeast s trails and mountains Michael DeBonis Executive Director Green Mountain Club Forest and
Crag stands as the most important history of Northeastern mountain exploration I marvel at the depth of the Watermans
exhaustive research and the skill in which they synthesized it Anyone who cares about and writes about mountains laps up
these chapters regularly I reach for this book all the time The added photographs and prefaces make this new edition from
SUNY even better Christine Woodside editor of Appalachia Journal and author of Libertarians on the Prairie Laura Ingalls
Wilder Rose Wilder Lane and the Making of the Little House Books No other volume weaves together across landscapes and
time both the individual stories and broad themes of the history of hiking in the Northeast It is not however its breadth and
depth which makes Forest and Crag unique Rather it is the Watermans gift for storytelling which makes the reader feel that
he or she has been invited to pull up a chair and listen spellbound to two masters of their craft In sharing the stories of those
who came to the mountains before the Watermans invite all to join in preserving the future of these iconic landscapes Julia
Goren Education Director and Summit Steward Coordinator Adirondack Mountain Club PRAISE FOR FOREST AND CRAG
This is a superb monumental history The Watermans are adept at the capsule profile whether of peaks or persons A gallery of
characters unrolls as diverse as those in a novel by Dickens Paul Jamieson former editor The Adirondack Reader Written with
grace style and good humor seasoned with a refreshing sense of wonder Forest and Crag reads more like a gripping novel
than the serious research work it really is Magnetic North In its quality comprehensiveness and regional orientation Forest

and Crag is unprecedented in American letters. It will become a classic in social, intellectual, and environmental history. Roderick Frazier Nash, author of *Wilderness and the American Mind* (Fifth Edition), *Forest and Crag* presents an incredible gift for today's hikers: the opportunity to take a thoughtful and vigorous ramble into the past and to explore the Northeastern mountains of yesteryear. What an adventure and what better way to contemplate how we shape the region's future. Peter Crane, Mount Washington Observatory, *Forest and Crag* traces the Northeast's human and natural history by following the hiking experience from the early adventurers to the more recent development of an environmental ethic. The Watermans tell this story with clear respect and deep joy for the mountains that shaped the stories of the region's hikers and hiking clubs. Mary Margaret Sloan, Chief Operating Officer, Positive Tracks. The Watermans' true genius is their ability to string all the facts together in a narrative so lively that even the footnotes and endnotes are read as eagerly as one would devour dessert at the end of a good meal. Tony Goodwin, coeditor of *High Peaks Trails* (14th Edition). **The Essential Guide to Hiking in the United States** Charles Cook, 1992. Provides a wealth of information on the sport of hiking; lists 387 hiking areas state by state and rates the major trails according to terrain, visual beauty, and degree of difficulty.
