### **The Political Economy of Press Freedom**

Jaw-Nian Huang, 2019-08-01 This book offers a political economy analysis of the development and degradation of freedom of the press in Taiwan since 1949 exploring how state business elites and foreign hegemons interacted to shape the evolution of Taiwan's media. It examines why freedoms increased alongside democratization in the 1990s but deteriorated after the second peaceful turnover of power in 2008 and why significant improvements accompanied Taiwan's close economic connections with the US during the Cold War only to become eroded as the country developed deeper economic ties with China in the 21st century. Presenting both a domestic and international perspective, this study of the controversial case of Taiwan ultimately argues in favor of three factors. First, state power is not the only threat to press freedom as corporate organizations and market forces may also play a role in curtailing it. Second, cross-national economic connections do not always improve human and civil rights but may cause damage when they involve more powerful authoritarian countries. Third, just as norms diffuse from liberal contexts to repressive states, repressive norms are also likely to diffuse from powerful authoritarian countries to more liberal but politically and economically weaker ones. Providing a new viewpoint on China's media control overseas, *The Political Economy of Press Freedom* will be useful for students and scholars of Chinese Studies and Taiwan Studies as well as comparative politics, international relations, and Media Studies.

### *Assessing the Threat: The Chinese Military and Taiwan's Security*

, Since at least the early 1950s, the entire Asia Pacific region has struggled with the complicated and complex relationship between China and Taiwan. Today, the Taiwan question is considered a potential flashpoint for a much larger international conflict. Bringing together experts from the United States and Taiwan, *Assessing the Threat* provides a comprehensive look at the dangers of military escalation in the Taiwan Strait, the latest advances in capabilities of the People's Liberation Army, and China's security relationship with the United States and the Asia Pacific. There is increasing concern that Beijing is steadily shifting the balance of power across the Taiwan Strait in its favor. Recent advances in Chinese air and naval power along with changes in PLA doctrine have the potential to weaken deterrence and destabilize the cross-strait military balance. At this critical juncture, there is no question that this issue requires sustained detailed analysis and that many measures can and should be taken to reduce the threat of conflict between China, Taiwan, and the United States. *Assessing the threat* offers such analysis as well as concrete suggestions and crisis management practices for government and military leaders in Washington, D.C., Beijing, and Taipei.

### **Taiwan, Humanitarianism and Global Governance**

Alain Guilloux, 2009-03-09 Guilloux explores the complexities and dilemmas of providing humanitarian aid to people in need and distress, especially underlined by Taiwan's unclear status in the global arena and how in its efforts Taiwan faces both international isolation and opposition from the People's Republic of China at multiple levels.

### **Sinophone**

**Studies Across Disciplines** Howard Chiang, Shu-mei Shih, 2024-09-17 Sinophone studies the study of Sinitic language

cultures and communities around the world has become increasingly interdisciplinary over the past decade Today it spans not only literary studies and cinema studies but also history anthropology musicology linguistics art history and dance More and more it is in conversation with fields such as postcolonial studies settler colonial studies migration studies ethnic studies queer studies and area studies This reader presents the latest and most cutting edge work in Sinophone studies bringing together both senior and emerging scholars to highlight the interdisciplinary reach and significance of this vital field It argues that Sinophone studies has developed a distinctive conceptualization of power at the convergence of different intellectual traditions offering new approaches to questions of plurality hierarchy oppression and resistance In so doing this book shows Sinophone studies has provided valuable conceptual tools for the study of minoritized and racialized communities in diverse global settings Essays also consider how the rise of China has affected Sinophone communities and the idea of Chineseness around the world among other timely topics Showcasing cross fertilization and diversification that traverse and transcend conventional scholarly boundaries Sinophone Studies Across Disciplines gives readers an unparalleled survey of the past present and future of this inherently interdisciplinary field

**Law and Politics of the Taiwan Sunflower and Hong Kong Umbrella Movements** Brian Christopher Jones, 2017-03-27 Rarely do acts of civil disobedience come in such grand fashion as Taiwan's Sunflower Movement and Hong Kong's Umbrella Movement The two protests came in regions and jurisdictions that many have underestimated as regards furthering notions of political speech democratisation and testing the limits of authority This book breaks down these two movements and explores their complex legal and political significance The collection brings together some of Asia's and especially Taiwan and Hong Kong's most prolific writers many of whom are internationally recognised experts in their respective fields to address the legal and political significance of both movements including the complex questions they posed as regards democracy rule of law authority and freedom of speech Given that occupational type protests have become a prominent method for protesters to make their cases to both citizens and governments exploring the legalities of these significant protests and establishing best practices will be important to future movements wherever they may transpire With this in mind the book does not stop at implications for Taiwan and Hong Kong but talks about its subject matter from a comparative international perspective

**Families and Health** Janet Grochowski, 2013-04-03 This interdisciplinary text examines five different components of family health biology behavior social cultural circumstances the environment and health care and the ways they affect the abilities of family members to perform well in their homes workplaces and communities Special awareness is paid to health disparities among individuals families groups regions and nations The author discusses how health of individual families influences our local national and global communities Families and Health argues that family health is not a privilege for the few but a personal national and global right and responsibility

China's Influence and the Center-periphery Tug of War in Hong Kong, Taiwan and Indo-Pacific Brian C. H. Fong, Jieh-min Wu, Andrew J. Nathan, 2020-12-30 Bringing together a team of cutting edge researchers based in

Hong Kong Taiwan and Indo Pacific countries this book focuses on the tug of war between China's influence and forces of resistance in Hong Kong Taiwan and selected countries in its surrounding jurisdictions China's influence has met growing defiance from citizens in Hong Kong and Taiwan who fear the extinction of their valued local identities However the book shows that resistance to China's influence is a global phenomenon varying in motivation and intensity from region to region and country to country depending on the forms of China's influence and the balances of forces in each society The book also advances a concentric center periphery framework for comparing different forms of extra jurisdictional Chinese influence mechanisms ranging from economic military and diplomatic influences to united front operations This book will be of key interest to scholars and students of comparative politics international relations geopolitics Chinese politics Hong Kong China relations Taiwan and Asian politics

**Citizenship in Question** Benjamin N. Lawrance, Jacqueline Stevens, 2017-02-02 The contributors to *Citizenship in Question* demonstrate that the line separating citizenship and noncitizenship is ambiguous and inconsistent In case studies analyzing the legal barriers to citizenship rights in over twenty countries the contributors show how states use citizenship requirements to police racial ethnic class and religious difference

**Interfamily Tanci Writing in Nineteenth-Century China** Yu Zhang, 2017-12-13 Employing an interdisciplinary approach this is the first monograph to frame three once widely read tanci fiction a type of lyrical narrative from nineteenth century China Meng ying yuan 1843 Yu xuan cao 1894 and Jing zhong zhuan 1895 as interrelated texts composed by three generations of members from one extended gentry family in South China Based on the framework of family bonds this book uses the three tanci works authored by a mother her daughter and a nephew to examine the history of how the changing aesthetics of tanci developed over China's turbulent nineteenth century It also demonstrates how the three writers used the genre of tanci to blur the boundaries of orthodox Confucian norms in order to depict the evolving nature of gendered power relations at the dawn of China's modernity

**Women Filmmakers and the Visual Politics of Transnational China in the #MeToo Era** Gina Marchetti, 2025-10-01 Manoeuvring around mainland China's censors and pushing back against threats of lawsuits online harassment and physical violence MeToo activists shed a particularly harsh light on the treatment of women in the cinema and entertainment industries Focusing on films from the People's Republic of China Hong Kong Taiwan and the Chinese diaspora this book considers how female directors shape Chinese visual politics through the depiction of the look the stare the leer the glare the glimpse the glance the queer and the oppositional gaze in fiction and documentary filmmaking In the years leading up to and following in the wake of MeToo these cosmopolitan women filmmakers offer innovative angles on body image reproduction romance family relations gender identity generational differences female sexuality sexual violence sex work labor migration career options minority experiences media access feminist activism and political rights within the rapidly changing Chinese cultural orbit

**Africa-China-Taiwan Relations, 1949-2020** Sabella Ogbobode Abidde, 2022-07-26 The ongoing tension and hostility between China and Taiwan in Africa are a continuation of the Chinese

Civil War 1927-1949 between the forces of the Chinese Communist Party (CCP) which remained in mainland China and the Kuomintang (KMT) of the Republic of China (ROC) which fled to the island of Taiwan. In the intervening years, China has claimed Taiwan as part of its territory and through persistent and aggressive political and economic efforts convinced much of the world to accept her as the sole and legitimate seat of the Chinese people and government.

**Africa-China-Taiwan Relations 1949-2020** provides a coherent account of why and how China was able to convince African governments to acquiesce to her claims which have resulted in the expulsion of and the diplomatic isolation of Taiwan on the African continent. This volume, edited by Sabella Ogbobode Abidde, also explains Taiwan's unsuccessful efforts at blunting China's maneuvers. It further discusses the endogenous and exogenous factors that swayed African governments to switch their diplomatic allegiance away from Taiwan, a country that was for many years an ally and dependable partner in their quest for growth and development. Finally, the book contains critical assessments of the role and place of China and Taiwan and their current relationship with states and societies on the African continent.

**Report to Congress of the U.S.-China Economic and Security Review Commission** U.S.-China Economic and Security Review Commission, 2014

**Planning for Protraction** Iskander Rehman, 2023-11-09

As Sino-US relations have deteriorated, concerns have grown in Washington over its ability to defeat China in a major conflict. A conflict between such peer competitors would likely become a protracted war of attrition, drawing on all dimensions of national power, but this reality has yet to receive a sufficient degree of analytical attention. In this Adelphi book, Iskander Rehman provides a historically informed and empirically grounded study of protracted great power war: its core drivers and characteristics and an examination of the elements that have most often determined a competitor's long-term strategic performance. Final victory in a protracted conflict, this book argues, rests on a combination of three core factors: a state's military effectiveness and adaptability, its socio-economic power and resiliency, and the soundness of its alliance management and grand strategy. A detailed analysis of the contemporary Sino-US rivalry assesses how both parties might fare in the event of a protracted war, while highlighting some of its key differentiating aspects, most notably its nuclear and cyber dimensions.

**Culture of Enmity: The Discursive Struggle for Taiwan in the Making of the New Cold War** Alain Brossat, Juan Alberto Ruiz Casado, 2023-07-10

This book provides a thought-provoking analysis of the perception of China as a formidable threat amidst the current era of socio-political polarization and growing militarization. By exploring the discursive strategies and tactics employed to cultivate antagonism, it unveils the culture of enmity that fosters fear and distrust towards China both in Taiwan and beyond. Drawing on interdisciplinary research, the book delves into the ontological characteristics of such a culture and provides insights into the Taiwan conflict as a crucial observation post for understanding the intricate discursive dynamics of the New Cold War. The geopolitical situation of Taiwan presents a predicament as it finds itself at the crossroads of two conflicting realms. On one hand, it is deeply intertwined with Chinese culture and history, with the added dimension of its strategic proximity to China at a time when the latter aspires to become a

regional hegemon On the other hand Taiwan boasts a Western influenced political system Western leaning strategic alliances and a distinct political identity forged over the past few decades It is within this intricate interplay of apparently dissonant but overlapping factors that the thorny and challenging nature of the discursive struggle for Taiwan becomes apparent The book consists of a collection of articles initially created by the authors during their research in Taiwan over several years first at National Yang Ming Chiao Tung University and then at National Cheng Kung University The articles organized into different chapters cover various disciplines such as political philosophy geopolitics history discourse analysis and anthropology reflecting the diverse educational backgrounds of the authors Despite their diversity all chapters are deeply connected to the discursive struggle over Taiwan Ultimately by offering a nuanced perspective that challenges prevailing narratives the authors provide a deliberately controversial yet refreshing viewpoint that advocates for a policy of empathy and negotiation Such approach goes beyond mere dialogue and diplomacy emphasizing the need for coexistence and peaceful living among different worlds

**China and the World since 1945** Chi-kwan Mark, 2025-04-02 Now in its second edition *China and the World since 1945* offers an accessible introduction to China's foreign policy and diplomatic history across a broad chronology After the century of humiliation China was in constant search of a new identity on the world stage which significantly changed the way the nation defined itself and its role in the world The book traces developments in China's relations with the two superpowers Asian neighbours Third World countries and European powers examining China's role in modern globalization and the international community It also considers the influence of domestic politics and ideology on China's international relations Fully revised and updated with the latest scholarship the second edition includes a new chapter on China's foreign relations under Xi Jinping's administration including the reassertion of China as a Communist state identification with the Global South and the New Cold War with the United States as both powers grapple for global influence By examining the rise of China from a long term historical perspective this concise yet comprehensive study will be essential to scholars and students of Chinese history and contemporary international relations *2017 Report to Congress of the U.S.-China Economic and Security Review Commission, November 2017, 115-1*, 2018
