for Olympic selection despite beating those selected he moved to Belgium to race professionally on the six day circuit across the continent becoming the first Black six day rider for over 75 years This authorised biography traces Maurice s experiences as the child of a Windrush generation father and an English mother growing up in London before moving across to Europe and his eventual return to South London in 1984 where he became a successful business owner and community leader It rightly places Maurice Burton at the forefront of the British sporting narrative as a pioneer in our collective cultural history
