## **Patterns Of Redemption In Virgil's Georgics Cambridge Classical Studies:**

**Patterns of Redemption in Virgil's Georgics** Llewelyn Morgan, 1999-09-02 At the time of this book's first publication in 1999 orthodoxy interpreted the Georgics as a statement of profound ambivalence towards Octavian and his claim to be Rome's saviour after the catastrophe of the civil wars. This book takes issue with the model of the subtly subversive poet. It argues that in the turbulent political circumstances which obtained at the time of the poem's composition Virgil's preoccupation with violent conflict has a highly optimistic import. Octavian's brutal conduct in the civil wars is subjected to a searching analysis but is ultimately vindicated, refigured as a paradoxically constructive violence analogous to blood sacrifice or Romulus' fratricide of Remus. The vindication of Octavian also has strictly literary implications for Virgil. The close of the poem sees Virgil asserting his mastery of the Homeric mode of poetry and the providential world view it was thought to embody.

**Virgil: Oxford Bibliographies Online Research Guide** Oxford University Press, 2010-05-01 This ebook is a selective guide designed to help scholars and students of the ancient world find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters and journal articles to online archives, electronic data sets and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated. A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic. In classics as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need. This ebook is just one of many articles from Oxford Bibliographies Online Classics, a continuously updated and growing online resource designed to provide authoritative guidance through the scholarship and other materials relevant to the study of classics. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit [www.oxfordbibliographies.com](http://www.oxfordbibliographies.com)

**Virgil's Map** Charlie Kerrigan, 2020-09-03 Virgil's Georgics depicts the world and its peoples in great detail but this geographical interest has received little detailed scholarly attention. Hundreds of years later readers in the British empire used the poem to reflect upon their travels in acts of imagination no less political than Virgil's own. Virgil's Map combines a comprehensive survey of the literary, economic and political geography of the Georgics with a case study of its British imperial reception c. 1840-1930. Part One charts the poem's geographical interests in relation to Roman power in and beyond the Mediterranean, shifting readers' attention away from Rome; it explores how the Georgics can draw attention to alternative non-Roman histories. Part Two examines how British travellers quoted directly from the poem to describe peoples and places across the world at times equating the colonial subjects of European empires to the happy farmers of Virgil's poem, perceived to be unaware and in need of the blessings of colonial rule. Drawing attention to the depoliticization of the

poem in scholarly discourse and using newly discovered archival material this interdisciplinary work seeks to re politicize both the poem and its history in service of a decolonizing pedagogy Its unique dual focus allows for an extended exploration not just of geography and empire but of Europe s long relationship with the wider world      **Reflections and New**

**Perspectives on Virgil's Georgics** Nicholas Freer,Bobby Xinyue,2019-02-21 Virgil s Georgics the most neglected of the poet s three major works is brought to life and infused with fresh meanings in this dynamic collection of new readings The Georgics is shown to be a rich field of inherited and varied literary forms actively inviting a wide range of interpretations as well as deep reflection on its place within the tradition of didactic poetry The essays contained in this volume contributed by scholars from Australia Europe and North America offer new approaches and interpretive methods that greatly enhance our understanding of Virgil s poem In the process they unearth an array of literary and philosophical sources which exerted a rich influence on the Georgics but whose impact has hitherto been underestimated in scholarship A second goal of the volume is to examine how the Georgics with its profound meditations on humankind nature and the socio political world of its creation has been re interpreted and appropriated by readers and critics from antiquity to the modern era The volume opens up a number of exciting new research avenues for the study of the reception of the Georgics by highlighting the myriad ways in which the poem has been understood by ancient readers early modern poets explorers of the New World and female translators of the twentieth and twenty first centuries      **The ^AOxford Handbook of Hesiod** Alexander Loney,Stephen

Scully,2018-07-26 This volume brings together 29 junior and senior scholars to discuss aspects of Hesiod s poetry and its milieu and to explore questions of reception over two and half millennia from the Greek archaic period shortly after the poems conception to Twitter hashtags      **Fate and the Hero in Virgil's Aeneid** Graham Zanker,2023-04-13 Argues that Stoic thought on human responsibility and world fate plays a key role in the Aeneid s characterisation and morality

**Eschatology in Antiquity** Hilary Marlow,Karla Pollmann,Helen Van Noorden,2021-09-29 This collection of essays explores the rhetoric and practices surrounding views on life after death and the end of the world including the fate of the individual apocalyptic speculation and hope for cosmological renewal in a wide range of societies from Ancient Mesopotamia to the Byzantine era The 42 essays by leading scholars in each field explore the rich spectrum of ways in which eschatological understanding can be expressed and for which purposes it can be used Readers will gain new insight into the historical contexts details functions and impact of eschatological ideas and imagery in ancient texts and material culture from the twenty fifth century BCE to the ninth century CE Traditionally the study of eschatology and related concepts has been pursued mainly by scholars of Jewish and Christian scripture By broadening the disciplinary scope but remaining within the clearly defined geographical milieu of the Mediterranean this volume enables its readers to note comparisons and contrasts as well as exchanges of thought and transmission of eschatological ideas across Antiquity Cross referencing high quality illustrations and extensive indexing contribute to a rich resource on a topic of contemporary interest and relevance

Eschatology in Antiquity is aimed at readers from a wide range of academic disciplines as well as non specialists including seminary students and religious leaders The primary audience will comprise researchers in relevant fields including Biblical Studies Classics and Ancient History Ancient Philosophy Ancient Near Eastern Studies Art History Late Antiquity Byzantine Studies and Cultural Studies Care has been taken to ensure that the essays are accessible to undergraduates and those without specialist knowledge of particular subject areas **Dionysus and Politics** Filip Doroszewski,Dariusz

Karłowicz,2021-05-30 This volume presents an essential but underestimated role that Dionysus played in Greek and Roman political thought Written by an interdisciplinary team of scholars the volume covers the period from archaic Greece to the late Roman Empire The reader can observe how ideas and political themes rooted in Greek classical thought were continued adapted and developed over the course of history The authors including four leading experts in the field Cornelia Isler Ker nyi Jean Marie Pailler Richard Seaford andRichard Stoneman reconstruct the political significance of Dionysus by examining different types of evidence historiography poetry coins epigraphy art and philosophy They discuss the place of the god in Greek city state politics explore the long tradition of imitating Dionysus that ancient leaders from Alexander the Great to the Roman emperors manifested in various ways and shows how the political role of Dionysus was reflected in Orphism and Neoplatonist philosophy Dionysus and Politics provides an excellent introduction to a fundamental feature of ancient political thought which until now has been largely neglected by mainstream academia The book will be an invaluable resource to students and scholars interested in ancient politics and religion Georgics Virgil,2009-02-26 Part agricultural manual part political poem and allegory Virgil s Georgics restores to life the sights sounds and textures of the ancient Italian landscape

Bogowie: A Study of Eastern Europe's Ancient Gods T.D. Kokoszka,2023-08-25 T D Kokoszka grew up in Texas with a Jewish mother and a Polish American father While he was aware of roots going back to Eastern Europe from both families he found it hard to learn very much about them He knew that Polish people would whack one another with palm leaves around Easter and he knew that his great grandmother purportedly believed in forest spirits known as borowy However it wasn t until he was in his teens that he became vaguely aware of an ancient people known as the Slavs who gave rise to the Polish Ukrainian Russian Serbian Bulgarian Slovakian Slovene and Czech languages It quickly became clear to him that this was a family of cultures currently under represented in popular culture and even in western scholarship Not simply a regurgitation of scholarship from the Soviet period and presenting new analyses by using previously neglected resources Bogowie A Study of Eastern Europe s Ancient Gods offers one of the most painstaking scholarly reconstructions of Slavic paganism These new resources include not only an overview of folklore from many different Slavic countries but also comparisons with Ossetian culture and Mordvin culture as well as a series of Slavic folktales that Kokoszka analyzes in depth often making the case that the narratives involved are mythological and shockingly ancient Readers will recognize many European folktale types and possibly learn to look at these folktales differently after reading this book **The Cambridge Companion to Virgil**

Fiachra Mac Góráin, Charles Martindale, 2019-04-18 Presents stimulating chapters on Virgil and his reception offering an authoritative overview of the current state of Virgilian studies      **Herodotus - narrator, scientist, historian** Ewen Bowie, 2018-03-19 Recently the importance for Herodotus work of contemporary medical and sophistic thought and techniques of argument has been widely recognised as long had been his dependence on and difference from earlier geographical and ethnographic writing This volume focuses on the place of these interests in his investigatory techniques and sets them alongside his many narrative skills from superficially traditional battle narrative and reworking of Greek or non Greek traditions that border on myth to the structuring of narrative by highlighting the life of objects and addresses such fundamental issues as how he chooses between competing explanations and how far he valued truth The book tackles many of the basic issues that confront any attempt to understand Herodotus work      **Grattius** Steven J. Green, 2018 Grattius Cynegetica a Roman didactic poem on hunting with dogs is the author's only surviving work though it reaches us now in an incomplete form Thanks to a passing reference by Ovid in his Epistulae ex Ponto it can confidently be dated to the Augustan period and yet while his literary contemporaries have been and continue to be subjects of academic scrutiny Grattius is seldom read and remains almost completely unappreciated in classical and literary scholarship This volume is the first book length study of Grattius in English or any other language and sets out to rehabilitate the neglected poet by making him and his work accessible to a wide audience Prefaced by an introduction to the poet and his work as well as the Latin text of Cynegetica and a new English translation it presents a broad collection of interpretive essays from an international team of scholars These essays explore the poem within its literary intellectual and socio political contexts and look forward to Grattius more charitable posthumous reception in Europe in the sixteenth to eighteenth centuries As a whole they aim to reveal his enduring relevance for the tradition of didactic poetry and the study of other Augustan poetry and culture and to provide an impetus for future discussions      *Cultivating Peace* Melissa Schoenberger, 2019-05-17 During the decades following the English civil wars British poets seeking to make sense of lingering political instabilities turned to Virgil's Georgics This ancient poem betrays deep ambivalences about war political power and empire and such poets as Andrew Marvell John Dryden and Anne Finch found in these attitudes valuable ways of responding to the uncertainties of their own time Composed during a period of brutal conflict in Rome Virgil's agricultural poem distrusts easy stability urging its readers to understand that lasting peace must be sowed tended reaped and replanted year after year Like the ancient poet who famously depicted a farmer's scythe suddenly recast as a sword the poets discussed in *Cultivating Peace* imagine states of peace and war to be fundamentally and materially linked In distinct ways they dismantle the dream of the golden age renewed proposing instead that peace must be sustained by constant labor Published by Bucknell University Press Distributed worldwide by Rutgers University Press      **Pestilence and the Body Politic in Latin Literature** Hunter H. Gardner, 2019 Roman writers of the late Roman Republic and early Empire developed important conventions of the western

plague narrative as a response to the destabilization of the body politic This volume examines how they used largely fictive representations of epidemic disease to address the collapse of the social order and suggest remedies for its recovery

**Phoenix** ,2002      **Brill's Companion to Valerius Flaccus** Mark Heerink,Gesine Manuwald,2015-03-20 Brill's Companion to Valerius Flaccus is the first English language survey on all key aspects of this Flavian poet and his epic Argonautica 1st century CE A team of international specialists offers both an account of the state of the art and new insights Topics covered include textual transmission language poetic techniques main themes characters relationship to intertexts and reception This will be a standard point of departure for anyone interested in Valerius Flaccus or Flavian epic more generally Contributors are Antony Augoustakis Michael Barich Neil Bernstein Emma Buckley Cristiano Castelletti James Clauss Robert Cowan Peter Davis Alain Deremetz Attila Ferenczi Marco Fucecchi Randall Ganiban Mark Heerink Alison Keith Helen Lovatt Gesine Manuwald Ruth Parkes Tim Stover Ruth Taylor Briggs and Andrew Zissos      *The Space That Remains* Aaron Pelttari,2014-09-08 In *The Space That Remains* Aaron Pelttari offers the first systematic study of the major fourth century poets since Michael Robert's foundational *The Jeweled Style* It is the first book to give equal attention to both Christian and Pagan poetry and the first to take seriously the issue of readership As Pelttari shows the period marked a turn towards forms of writing that privilege the reader's active involvement in shaping the meaning of the text In the poetry of Ausonius Claudian and Prudentius we can see the increasing importance of distinctions between old and new ancient and modern forgotten and remembered The strange traditionalism and verbalism of the day often concealed a desire for immediacy and presence We can see these changes most clearly in the expectations placed upon readers The space that remains is the space that the reader comes to inhabit as would increasingly become the case in the literature of the Latin Middle Ages      **Latin Translation in the Renaissance** Paul Botley,2004-07-08 Latin translations of Greek works have received much less attention than vernacular translations of classical works This book examines the work of three Latin translators of the Renaissance The versions of Aristotle made by Leonardo Bruni 1370 1444 were among the most controversial translations of the fifteenth century and he defended his methods in the first modern treatise on translation *De interpretatione recta* Giannozzo Manetti 1396 1459 produced versions of Aristotle and the Bible and he too ultimately felt obliged to publish his own defence of the translator's art *Apologeticus* Desiderius Erasmus c 1469 1536 chose to defend his own translation of the New Testament one of the most controversial translations ever printed with a substantial and expanding volume of annotations This book attempts to provide a broad perspective on the development of Latin writing about translation by drawing together the ideas of these three very different translators      **Epicurus and Democritean Ethics** James Warren,2002-05-23 This 2002 book explores the origins of the Epicurean philosophical system in the fifth and fourth centuries BC

As recognized, adventure as well as experience virtually lesson, amusement, as skillfully as concurrence can be gotten by just checking out a ebook **Patterns Of Redemption In Virgils Georgics Cambridge Classical Studies** in addition to it is not directly done, you could take even more roughly speaking this life, around the world.

We manage to pay for you this proper as well as easy artifice to get those all. We give Patterns Of Redemption In Virgils Georgics Cambridge Classical Studies and numerous books collections from fictions to scientific research in any way. in the midst of them is this Patterns Of Redemption In Virgils Georgics Cambridge Classical Studies that can be your partner.
