Anglican Literature and Drama David Clare, 2021-05-19 This book discusses key works by important writers from Church of Ireland backgrounds from Farquhar and Swift to Beckett and Bardwell in order to demonstrate that writers from this Irish subculture have a unique socio political viewpoint which is imperfectly understood The Anglican Ascendancy was historically referred to as a middle nation between Ireland and Britain and this book is an examination of the various ways in which Irish Anglican writers have signalled their Irish British hybridity British elements in their work are pointed out but so are manifestations of their proud Irishness and what Elizabeth Bowen called her community's subtle anti Englishness Crucially this book discusses several writers often excluded from the truly Irish canon including among others Laurence Sterne Elizabeth Griffith and C S Lewis **Paperbound Books in Print**, 1968 **Drama Kings** Dalma Heyn, 2005-11-05 An

analysis of relationships between strong women and emotionally weak men counsels women on how to recognize warning signs prevent partners from sabotaging a relationship and transform a compromising situation into one of strength **The International Studio**, 1899 **A History of Early Eighteenth Century Drama** Allardyce Nicoll, 1927 **The Peony Pavilion** Xianzu Tang, 1994 Formerly banned in China performed at New York's Lincoln Center and named as an Outstanding Academic Book by Choice The Peony Pavilion has an intriguingly diverse appeal *The Oxford Handbook of Adaptation*

Studies Thomas Leitch, 2017-03-17 This collection of forty new essays written by the leading scholars in adaptation studies and distinguished contributors from outside the field is the most comprehensive volume on adaptation ever published. Written to appeal alike to specialists in adaptation, scholars in allied fields, and general readers, it hearkens back to the foundations of adaptation studies a century and more ago, surveys its ferment of activity over the past twenty years, and looks forward to the future. It considers the very different problems in adapting the classics from the Bible to *Frankenstein* to Philip Roth and the commons from online mashups and remixes to adult movies. It surveys a dizzying range of adaptations around the world from Latin American telenovelas to Czech cinema from Hong Kong comics to *Classics Illustrated* from Bollywood to zombies and explores the ways media as different as radio, opera, popular song, and videogames have handled adaptation. Going still further, it examines the relations between adaptation and such intertextual practices as translation, illustration, prequels, sequels, remakes, intermediality, and transmediality. The volume's contributors consider the similarities and differences between adaptation and history, adaptation and performance, adaptation and revision, and textual and biological adaptation, casting an appreciative but critical eye on the theory and practice of adaptation scholars and occasionally each other. The *Oxford Handbook of Adaptation Studies* offers specific suggestions for how to read, teach, create, and write about adaptations in order to prepare for a world in which adaptation already ubiquitous is likely to become ever more important. **The Greatest**

Character and the Individual Personality in English Renaissance Drama John E. Curran, 2014-08-20 Character and the Individual Personality in English Renaissance Drama Tragedy History Tragicomedy studies instantiations of the individualistic character in drama Shakespearean and non Shakespearean and some of the Renaissance ideas allowing for and informing them Setting aside such fraught questions as the history of Renaissance subjectivity and individualism on the one hand and Shakespearean exceptionalism on the other we can find that in some plays by a range of different authors and collaborators a conception has been evidenced of who a particular person is and has been used to drive the action This evidence can take into account a number of internal and external factors that might differentiate a person and can do so drawing on the intellectual context in a number of ways Ideas with potential to emphasize the special over the general in envisioning the person might come from training in dialectic thesis vs hypothesis or in rhetoric ethopoeia from psychological frameworks casuistry humor theory and their interpenetration or from historiography exemplarity But though they depicted what we would call personality only intermittently and with assumptions different from our own about personhood dramatists sometimes made a priority of representing the workings of a specific mind the patterns of thought and feeling that set a person off as that person and define that person singularly rather than categorically Some individualistic characters can be shown to emerge where we do not expect such as with Fletcherian personae like Amintor Arbaces and Montaigne of The Honest Man's Fortune some are drawn by playwrights often uninterested in character such as Chapman's Bussy D'Ambois Jonson's Cicero and Ford's Perkin Warbeck and some appear in being constructed differently from others by the same author as when Webster's Bosola is set in contrast to Flamineo and Marlowe's Faustus is set against Barabas But Shakespearean characters are also examined for the particular manner in which each troubles the categorical and exhibits a personality Othello Good Duke Humphrey and Marc Antony Published by University of Delaware Press Distributed worldwide by Rutgers University Press
