## **Passionate Sage The Character And Legacy Of John Adams:**

**Passionate Sage: The Character and Legacy of John Adams** Joseph J. Ellis, 2011-02-14 An absorbing insightful profile of the revolutionary leader president husband and father from one of our best historians now in a beautiful new package John Adams was unique among the nation's founders in leaving a record of his most intimate thoughts and feelings Instinctively candid and politically incisive Adams offers the clearest view of the ambitions and principles that drove the revolutionary generation Passionate Sage offers a brilliant introduction to the second president his politics his affinities for family and friendship even with political opponents like Jefferson and his enduring significance Ellis's palpable affection lends a pleasing glow to his profile of Adams which is why Passionate Sage is his best book Judith Shulevitz New York Times Book Review Impassioned and erudite A captivating portrait of this Massachusetts native as a wonderfully contrary genius possessed of an uncommon moral intelligence and farsighted political wisdom Michiko Kakutani New York Times The best portrait of a Revolutionary era statesman Evan Thomas Wall Street Journal *Historical Dictionary of the Early American Republic* Richard Buel Jr., Jeffers Lennox, 2016-12-20 The drafting and ratification of the federal constitution between 1787 and 1788 capped almost 30 years of revolutionary turmoil and warfare The supporters of the new constitution known at the time as Federalists looked to the new national government to secure the achievements of the Revolution But they shared the same doubts that the Anti federalists had voiced about whether the republican form of government could be made to work on a continental scale Nor was it a foregone conclusion that the new government would succeed in overcoming parochial interests to weld the separate states into a single nation During the next four decades the institutions and precedents governing the behavior of the national government took shape many of which are still operative today This second edition of *Historical Dictionary of the Early American Republic* contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about American history *The Founding Fathers* Richard B. Bernstein, 2015 This concise and elegant contribution to the Very Short Introduction series reintroduces the history that shaped the founding fathers the history that they made and what history has made of them The book provides a context within which to explore the world of Washington Franklin Jefferson Adams and Hamilton as well as their complex and still controversial achievements and legacies *Presidents from Washington through Monroe, 1789-1825* Amy H. Sturgis, 2001-11-30 This work offers the best of both worlds broad analysis of the first five presidential administrations and specific excerpts from original documents supporting and opposing the presidents positions George Washington John Adams Thomas Jefferson James Madison and James Monroe speak for themselves as they argue for their positions on the key political social and economic issues of their time in excerpts from primary sources Excerpts from opposing positions on each issue give the presidents critics a voice An explanatory overview

of each issue will help students to understand the argument and the context of the issue and to apply critical thinking skills to their understanding. The section on each president includes entries on 4-5 key issues of his administration from the president's title at the beginning of Washington's administration to American Indian removal at the close of Monroe's term. Primary documents include presidential memoirs, speeches and letters, congressional speeches, Supreme Court decisions, newspaper editorials and comments from prominent private citizens. An introductory overview of each president's administration provides a useful window through which to assess the specific debates and documents addressed. A timeline provides a chronological backdrop for the subject and recommended readings following each section offer helpful direction for further study. Though the founding presidents remain revered today for their pioneering accomplishments in the early nation, this work reminds readers that the first executives faced ongoing opposition from members of the legislature, judiciary and general public. Readers will gain a grounded understanding of the contested issues of the young nation and the way early decisions impacted our political system across time.

**Whose American Revolution was It?** Alfred F. Young, Gregory Nobles, 2011-09. The meaning of the American Revolution has always been a much contested question and asking it is particularly important today. The standard easily digested narrative puts the Founding Fathers at the head of a unified movement, failing to acknowledge the deep divisions in Revolutionary era society and the many different historical interpretations that have followed. *Whose American Revolution Was It?* speaks both to the ways diverse groups of Americans who lived through the Revolution might have answered that question and to the different ways historians through the decades have interpreted the Revolution for our own time. As the only volume to offer an accessible and sweeping discussion of the period's historiography and its historians, *Whose American Revolution Was It?* is an essential reference for anyone studying early American history. The first section by Alfred F. Young begins in 1925 with historian J. Franklin Jameson and takes the reader through the successive schools of interpretation up to the 1990s. The second section by Gregory H. Nobles focuses primarily on the ways present-day historians have expanded our understanding of the broader social history of the Revolution, bringing onto the stage farmers and artisans who made up the majority of white men as well as African Americans, Native Americans and women of all social classes.

*Encyclopedia of the American Presidency, Fourth Edition* Michael Genovese, 2021-04-01. Praise for the first edition: An altogether excellent introduction to the study of the presidency of the United States. Library Journal. Entries are well written, an excellent addition. American Reference Books Annual. An excellent resource recommended. Booklist. Highly recommended. Choice. The most up-to-date reference of its kind. Encyclopedia of the American Presidency. Fourth Edition is the definitive guide to the role of the president from the American Revolution through the present day. Offering a complete account of the presidency in U.S. history, this A to Z encyclopedia will make a great first stop for students and general readers looking for information on the executive branch of the American government. Its comprehensive scope spans the relationship between the executive and the other branches of government: court cases,

elections political opponents scandals and more A valuable resource that provides concise information Encyclopedia of the American Presidency Fourth Edition contains more than 750 entries Entries include Bully pulpit Commander in chief Economic policy Executive privilege Kamala Harris Impeachment Iraq War Thomas Jefferson Middle East Military tribunals New Deal Oval Office Franklin D Roosevelt Situation room Donald Trump Veto power War powers Watergate White House and more *The Jewish World of Alexander Hamilton* Andrew Porwancher,2021-08-17 Genesis Exodus Revolution New York Constitutions Statesmanship Church and State Law and Politics **John Adams and the Spirit of Liberty** C. Bradley Thompson,1998 In reexamining John Adams s political thought Thompson reconstructs the contours and influences of Adams s mental universe the ideas he challenged the problems he considered central to constitution making and methods of his reasoning **Cradles of Power** Harold I. Gullan,2016-10-04 Why have there been so many books about first ladies and so few about the mothers and fathers of our presidents Many of us for better or worse are shaped by our early life Heads of state are no exception In this compact and compelling narrative of truly popular history Gullan offers insights into the early influences that helped shape our presidents shedding light into a much neglected corner of history How many presidential parents were also their son s best friends How many were an inspiration a source of support a model to emulate How many were just the opposite In *Cradles of Power* readers will learn the stories of first parents from Augustine and Mary Washington to Barack Obama Sr and Ann Dunham including The heroic Elizabeth Jackson who literally saved her son s life The beloved senior Theodore Roosevelt who seemingly founded and funded every worthwhile charity in New York The handsome and unpredictable Jack Reagan whose drunken blackout one winter night became a pivotal moment for the young Ronald The pious Mother McKinley who wanted her William to become a Methodist bishop The vibrant Rose Fitzgerald Kennedy whose personal tragedies never stopped her from showing unflagging support for her sons campaigns and the domineering Joseph P Kennedy who himself aspired to be our first Catholic president Gullan s reader friendly vignettes are sure to fascinate and entertain but they will also elucidate the formative forces and motivations in the lives of the most powerful men in the nation Skyhorse Publishing along with our Arcade Good Books Sports Publishing and Yucca imprints is proud to publish a broad range of biographies autobiographies and memoirs Our list includes biographies on well known historical figures like Benjamin Franklin Nelson Mandela and Alexander Graham Bell as well as villains from history such as Heinrich Himmler John Wayne Gacy and O J Simpson We have also published survivor stories of World War II memoirs about overcoming adversity first hand tales of adventure and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home Presidents Neil A. Hamilton,2010 A biographical dictionary profiling the presidents of the United States from George Washington to Barack H Obama **Benjamin Franklin and His Enemies** Robert Middlekauff,2023-11-15 In this engaging study of the much loved statesman and polymath Robert

Middlekauff uncovers a little known aspect of Benjamin Franklin's personality his passionate anger He reveals a fully human Franklin who led a remarkable life but nonetheless had his share of hostile relationships political adversaries like the Penns John Adams and Arthur Lee and great disappointments the most significant being his son William who sided with the British Utilizing an abundance of archival sources Middlekauff weaves episodes in Franklin's emotional life into key moments in colonial and Revolutionary history The result is a highly readable narrative that illuminates how historical passions can torment even the most rational and benevolent of men In this engaging study of the much loved statesman and polymath Robert Middlekauff uncovers a little known aspect of Benjamin Franklin's personality his passionate anger He reveals a fully human Franklin who led a remarkable life but nonetheless had his

Edinburgh Companion to Nineteenth-Century American Letters and Letter-Writing Celeste-Marie Bernier,2016-02-15 This comprehensive study by leading scholars in an important new field the history of letters and letter writing is essential reading for anyone interested in nineteenth century American politics history or literature Because of its mass literacy population mobility and extensive postal system nineteenth century America is a crucial site for the exploration of letters and their meanings whether they be written by presidents and statesmen scientists and philosophers novelists and poets feminists and reformers immigrants Native Americans or African Americans This book breaks new ground by mapping the voluminous correspondence of these figures and other important American writers and thinkers Rather than treating the letter as a spontaneous private document the contributors understand it as a self conscious artefact circulating between friends and strangers and across multiple genres in ways that both make and break social ties

*Revolutionary Summer* Joseph J. Ellis,2014-06-03 NATIONAL BESTSELLER A distinctive portrait of the crescendo moment in American history from the Pulitzer Prize winning

American historian Accessible and electric Ellis crisply covers the decisive and improbable events of 1776 A dramatic slice of history USA Today The summer months of 1776 witnessed the most consequential events in the story of our country's founding While the thirteen colonies came together and agreed to secede from the British Empire the British were dispatching the largest armada ever to cross the Atlantic to crush the rebellion in the cradle The Continental Congress and the Continental Army were forced to make decisions on the run improvising as history congealed around them In a brilliant and seamless narrative Ellis meticulously examines the most influential figures in this propitious moment including George Washington John Adams Thomas Jefferson Benjamin Franklin and Britain's Admiral Lord Richard and General William Howe He weaves together the political and military experiences as two sides of a single story and shows how events on one front influenced outcomes on the other

**The Fathers of American Presidents** Jeff C. Young, 2024-10-11 Farmers shopkeepers businessmen politicians the fathers of the presidents of the United States have come from a wide variety of professions and all walks of life In many cases they provided their sons and future presidents with a political philosophy that they carried to the White House In a few instances the politics of the son differed significantly from that of his father This unique reference work provides biographies of both the biological and adoptive fathers of the 41 men who have served as president of the United States Were the personalities of the father and son similar What role did the father play in the son's upbringing How did the father's view influence the son's These questions and others are covered in each entry in addition to the biographical sketches of the fathers of the presidents

Colonial America: An Encyclopedia of Social, Political, Cultural, and Economic History James Ciment, 2016-09-16 No era in American history has been more fascinating to Americans or more critical to the ultimate destiny of the United States than the colonial era Between the time that the first European settlers established a colony at Jamestown in 1607 through the signing of the Declaration of Independence the outlines of America's distinctive political culture economic system social life and cultural patterns had begun to emerge Designed to complement the high school American history curriculum as well as undergraduate survey courses Colonial America An Encyclopedia of Social Political Cultural and Economic History captures it all the people institutions ideas and events of the first three hundred years of American history While it focuses on the thirteen British colonies stretching along the Atlantic Colonial America sets this history in its larger contexts Entries also cover Canada the American Southwest and Mexico and the Caribbean and Atlantic world directly impacting the history of the thirteen colonies This encyclopedia explores the complete early history of what would become the United States including portraits of Native American life in the immediate pre contact period early Spanish exploration and the first settlements by Spanish French Dutch Swedish and English colonists This monumental five volume set brings America's colonial heritage vibrantly to life for today's readers It includes thematic essays on major issues and topics detailed A-Z entries on hundreds of people institutions events and ideas thematic and regional chronologies hundreds of illustrations primary documents and a glossary and multiple indexes

*Sister Revolutions* Susan

Dunn, 2000-09-04 What the two great modern revolutions can teach us about democracy today The American and French revolutions presented the world with two very different visions of democracy Although both professed similar Enlightenment ideals of freedom equality and justice and set similar political agendas there were also fundamental differences The French sought a complete break with a thousand years of history the Americans were content to preserve many aspects of their English heritage Why did the two revolutions follow such different trajectories And what lessons do they offer us about democracy today In lucid narrative style Dunn captures the personalities and lives of the great figures of both revolutions and shows how their stories added up to make two very different events

Right here, we have countless ebook **Passionate Sage The Character And Legacy Of John Adams** and collections to check out. We additionally allow variant types and with type of the books to browse.
