With over 25 years experience working in healthcare, she has witnessed a great deal of excessive suffering in our death-phobic society. She has also felt it in her own life. Inspired by those who have lived fully and died peacefully, she has chosen to share her knowledge and experience through authoring books and speaking to the world about the value of talking, planning, and preparing for grief, death, and dying before they arrive. By doing so, we will suffer less. This is her wish for the world.

The Scientific Naturopath: A Leap into the Evidence Behind Naturopathy Philosophies Prof. (Dr.) Pradeep MK Nair, 2022-04-19. The science of yoga naturopathy has always stood the test of time and continues to amaze both the health seekers and healthcare givers. However, the quest for modernization and impatience among the stakeholders to invent shortcut remedies to mimic modern medical practice has dimmed the original philosophical essence of this holistic system of medicine. The younger generation naturopaths are influenced by the gimmicks of illusory truth and have developed a strong notion that there is no science left behind naturopathy philosophies. *The Scientific Naturopath* is comprehensive coverage of the evidence behind naturopathy philosophies and showcases its strength, relevance in modern times. This book will be immensely useful for yoga naturopathy students, physicians, and academicians in comprehending naturopathy philosophies like vitality, toxemia, unity of cure, unity of disease, etc., using modern scales.
