Mitrano, 2016-07-07 Reads modernism and theory through Susan Sontag's archive This adventurous critical inquiry into Sontag's archive illuminates the intimate link between modernism and theory while also providing a fascinating reintroduction to these two movements and concepts Mena Mitrano explores three core ideas in this study the confusion of terms between modernism and theory the concept of an unwritten theory suggested by Sontag's subterranean engagement with the foremost theorists of our time Derrida Foucault Deleuze Lacan Jameson and others in the rawness of her journals and notebooks and Sontag's identity as a non traditional philosopher through the extraordinary discipleship to Walter Benjamin The book is driven by new archival research and will have a multi layered impact changing our perception of Sontag as a post Cold War public intellectual as well as interrogating key concepts in the Humanities Key Features Original study of Susan Sontag's contribution to the development of critical thought Opens new avenues for research in the expanding field of new modernist studies and in the field of criticism Discusses Sontag's collaboration with Walter Benjamin which reopens the question of the author and encourages an understanding of this concept from a psychoanalytic perspective as a transgenerational phenomenon Includes a discussion of the role of the American avant garde in Sontag's abandonment of philosophy and in her turn to a pioneering more theoretical literary criticism [Hold It Against Me](#) Jennifer

Doyle, 2013-04-01 Examining the relationship between emotional intensity and difficulty in works of avant garde art Jennifer Doyle seeks to develop a critical language for understanding affectively charged contemporary art **Modern Sculpture** Douglas Dreishpoon, 2022-10-25 Artists of any ilk can be extremely opinionated when it comes to what they do how they do it and what it might mean Sculptors are no exception Modern Sculpture Artists in Their Own Words presents a selection of manifestos documents statements articles and interviews from more than ninety subjects including an ample selection of contemporary sculptors With this book editor Douglas Dreishpoon defers to sculptors whose varied points of view illuminate the medium's perpetual transformation from object to action concept to phenomenon over the course of two centuries Each chapter progresses in chronological sequence to highlight the dominant stylistic philosophical and thematic threads that unite each kindred group The result is a distinctive artist centric history and survey of sculpture that showcases the expansive dimensions and malleability of the medium *Sculpture Undone, 1955-1972* Elena Filipovic, Joanna Mytkowska, Alina Szapocznikow, 2011 A sculptor who began working during the postwar period in a classical figurative style Alina Szapocznikow radically reconceptualized sculpture as an imprint not only of memory but also of her own body Though her career effectively spanned less than two decades cut short by the artist's premature death in 1973 at age 47

Szapocznikow left behind a legacy of provocative objects that evoke Surrealism Nouveau R ealisme and Pop art Her tinted polyester casts of body parts often transformed into everyday objects like lamps or ashtrays her poured polyurethane forms and her elaborately constructed sculptures which at times incorporated photographs clothing or car parts all remain as wonderfully idiosyncratic and culturally resonant today as when they were first made Well known in Poland where her work has been highly influential since early in her career Szapocznikow s compelling book of work is ripe for art historical reexamination Alina Szapocznikow Sculpture Undone 1955 1972 offers a comprehensive overview of this important artist s work at a moment when international interest is blossoming Spanning one of the most rich and complex periods of the 20th century Szapocznikow s oeuvre responds to many of the ideological and artistic developments of her time through artwork that is at once fragmented and transformative sensual and reflective playfully realized and politically charged Featuring over 100 works including sculpture drawings and photography the exhibition draws on loans from private and public collections including major institutions in Poland It is accompanied by a major publication co published by The Museum of Modern Art and Mercatorfonds that reflects new scholarship on Szapocznikow contextualizing this little known artist s work for a wider audience Publisher s website [Robert Rauschenberg and Surrealism](#) Gavin Parkinson,2023-03-23 The art of Robert Rauschenberg 1925 2008 is usually viewed as quite distinct from Surrealism a movement which the artist himself displayed some hostility towards However Rauschenberg had a very positive reception among Surrealists particularly across the period 1959 69 In the face of Rauschenberg s avowals of his own literalism and insistence on his art as facts this book gathers generous evidence of the poetic metaphorical allusive associative and connotative dimensions of the artist s oeuvre as identified by Surrealists and thus extrapolates new readings from Rauschenberg s key works on that basis By viewing Rauschenberg s art against the expansion of the cultural influence of the United States in Europe in the period after the Second World War and the increasingly politicized activities of the Surrealists in the era of the Algerian War of Independence 1954 62 Robert Rauschenberg and Surrealism shows how poetic inference of the artist s work was turned towards political interpretation By analysing Rauschenberg s art in the context of Surrealism and drawing from it new interpretations and perspectives this volume simultaneously situates the Surrealist movement in 1960s American art criticism and history
