Discription:

Emerging over 20 years ago, Market Profile analysis continues to realize a strong following among active traders. The approach explains the underlying dynamics and structure of markets, identifies value areas, price rejection points, and measures the strength of buyers and sellers. Unlike more conventional forms of technical analysis, Market Profile is an all-encompassing approach, and Mind Over Markets provides traders with a solid understanding of it. Since the first edition of Mind Over Markets&12considered the best book on applying Market Profile analysis to trading&12was published over a decade ago, much has changed in the worlds of finance and investing. That's why James Dalton, a pioneer in the popularization of Market Profile, has returned with a new edition of this essential guide. Written to

Dalton,Robert B. Dalton,Eric T. Jones,2011-01-11 *Markets in Profile* explores the confluence of three disparate philosophical frameworks the Market Profile behavioral finance and neuroeconomics in order to present a unified theory of how markets work The Market Profile is an ever evolving

multidimensional graphic that gives visual form to the market's continuing auction process revealing the myriad underlying dynamics that influence market activity Behavioral finance posits that investors are driven more by emotional factors and the subjective interpretation of minutia than by rationality when making investment decisions And neuroeconomics is the study of how investor psychology permeates and affects the financial markets Mr Dalton explicates the ways in which irrational human behavior influences the market's natural auction process creating frequently predictable market structure which results in opportunities for investors to ameliorate risk The book will improve investors ability to interpret change in markets enabling better more confident investment decisions Wyckoff 2.0: Strutture, Volume Profile e Order Flow Rubén
