Having lived and worked in and around agriculture in Fife all his life, Andrew Arbuckle has a deep affection for his farming heritage. Keen to record this for both those who remember the old ways of farming as well as future generations, Andrew has gathered information from a variety of sources to present a commentary on Scottish farming life from 1900 to the present day. Andrew's avenues of research included local newspaper archives, press cuttings and minutes from union meetings or local shows. Social history also plays a vital part in the project and interviews with people who have worked in farming in days gone by give the book a vitality and humanity often missing from history books. The book is liberally illustrated with between 50-60 black and white photographs arranged in sections. Subject: Memoir, Transportation. AEC Mandator: Volume 8 Graham Edge, 2016-10-24. When the AEC Mandator V8 was introduced in 1968, it carried with it high hopes for the future of AEC and the Leyland Group. Nothing remotely like it had been produced before. Word soon got around about its excellent performance. However, just as word had spread about the initial performance of the model, so news soon travelled about the problems arising in service. Eventually, the lorry was withdrawn from sale. Since the early 1970s, when most of the 300 or so Mandator V8s sold in the UK had been withdrawn, there has always been a strong undercurrent of interest shown in it. AEC Mandator V8 has been out of print for many years and has been brought back in 2016 to make this fascinating story available again to AEC enthusiasts and those with an interest in general transport history.
