About the Novel *Of Mice and Men* is the controversial novella by John Steinbeck that follows two migrant workers as they look for work during the Great Depression. Located in California, ranch workers George Milton and Lennie Small move on to look for work. George is lean and intelligent, while Lennie is large and strong. The pair share a dream of one day owning their own land. Lennie's part of the dream is to be able to touch soft rabbits, as he likes to touch soft things.
