## **Microeconomic Evaluation Of Labour Market Policies Microeconomic Evaluation Of Labour Market Policies:**

*Microeconomic Evaluation of Labour Market Policies* Marco Caliendo, 2006-01-23 The evaluation of labour market and other public policies has become increasingly important in recent years In an era of tight government budgets a thorough analysis of these measures is imperative This book provides a comprehensive overview and assessment of the most relevant microeconomic evaluation methods It focuses on the popular propensity score matching method and gives extensive guidance for its implementation In the second part of the book this method is used to evaluate the employment effects of job creation schemes on the participating individuals in Germany Based on a large administrative dataset of over 11 000 participants the study allows to draw policy relevant conclusions for the first time *Evaluating Active Labour Market*

*Policies* Patrick A. Puhani, 2012-12-06 Most governments in today's market economies spend significant sums of money on labour market programmes The declared aims of these programmes are to increase the re-employment chances of the unemployed This book investigates which active labour market programmes in Poland are value for money and which are not To this end modern statistical methods are applied to both macro and microeconomic data It is shown that training programmes increase whereas job subsidies and public works decrease the re-employment opportunities of the unemployed In general all active labour market policy effects are larger in absolute size for men than for women By surveying previous studies in the field and outlining the major statistical approaches that are employed in the evaluation literature the book can be of help to any student interested in programme evaluation irrespective of the particular programme or country concerned

*Microeconomic Evaluation of Active Labour Market Policies* Michael Lechner, 2003 Many European countries entertain considerable active labour market policies ALMP to increase the reemployment chances of the unemployed Since policies are very costly the pressure for scientific evaluations of the single programmes that are part of the ALMP increases This paper surveys recent developments in the methodology of microeconomic evaluation that emphasises the issue of nonparametric identification of causal effects as a pre requisite for reliable estimation and policy conclusions The paper concludes with some brief remarks about recent empirical evaluations of the Swiss ALMP *Econometric Evaluation of Labour Market*

*Policies* Michael Lechner, Friedhelm Pfeiffer, 2012-12-06 Empirical measurement of impacts of active labour market programmes has started to become a central task of economic researchers New improved econometric methods have been developed that will probably influence future empirical work in various other fields of economics as well This volume contains a selection of original papers from leading experts among them James J Heckman Noble Prize Winner 2000 in economics addressing these econometric issues at the theoretical and empirical level The theoretical part contains papers on tight bounds of average treatment effects instrumental variables estimators impact measurement with multiple programme options and statistical profiling The empirical part provides the reader with econometric evaluations of active labour market programmes in Canada Germany France Italy Slovak Republic and Sweden *A Microeconomic Evaluation of Active*

*Labour Market Policy in Switzerland* Michael Gerfin, Michael Lechner, 2001      *Manual on Evaluation of Labour Market Policies in Transition Economies* Christopher O'Leary, Alena Nesporova, Alexander Samorodov, 2001 In response to high levels of open unemployment accompanying the profound transformation of their national labour markets in the 1990 s the transition countries of Central and Eastern Europe launched a number of labour market policies and programmes with the aim of promoting the new employment of workers who were without a job The manual responds to this urgent need It is directed to a wide range of readers some of whom are directly engaged in formulating and implementing labour market programmes while others are benefiting in one way or another from these programmes      *The European Labour Market* Floro Ernesto Caroleo, Sergio Destefanis, 2006-03-14 This book brings together up to date findings on the regional dimensions of European labour markets It provides a conceptual and empirical study of the interactions between the European economy and its regions paying particular attention to the issue of the transition of Central and Eastern European countries to a market economy The topics analysed include the structure of the shocks affecting employment regional industrial national the relationships between labour market efficiency and the regional distribution of unemployment wage flexibility in EU member countries or in their regions and the role of active labour market policies in affecting the regional distribution of employment and unemployment      Programme Evaluation and Treatment Choice Markus Frölich, 2012-12-06 Policy evaluation and programme choice are important tools for informed decision making for the administration of active labour market programmes training programmes tuition subsidies rehabilitation programmes etc Whereas the evaluation of programmes and policies is mainly concerned with an overall assessment of impact benefits and costs programme choice considers an optimal allocation of individuals to the programmes This book surveys potential evaluation strategies for policies with multiple programmes and discusses evaluation and treatment choice in a coherent framework Recommendations for choosing appropriate evaluation estimators are derived Furthermore a semiparametric estimator of optimal treatment choice is developed to assist in the optimal allocation of participants      Evaluation of Active Labour Market Policy Reinhard Hujer, Marco Caliendo, 2000      **The Third Dimension of Labor Markets** Francisco Galvão Carneiro, Indermit Singh Gill, Ricardo Paes de Barros, 2006 Focuses on the relationship between labour market institutions its functioning and outcomes      **Microeconomic Evaluation of Labor Market Policies Using Administrative Data** Stephan Wiehler, 2007      *Public Policy Evaluation and Analysis* Samir Amine, 2024-10-15 This edited volume examines how some OECD countries have adapted to new challenges in the labor market by evaluating and analyzing public programs implemented before during and after Covid 19 To gain a comprehensive understanding the volume adopts a multidisciplinary approach with chapters contributed by authors from diverse disciplines and academic and professional backgrounds      *Beyond Rhetoric Adult Learning Policies and Practices* OECD, 2003-02-05 This publication aims to identify what works in the policy and practice of adult learning drawing on the experience of nine OECD countries      The Impact of Active Labour
