**A Companion to Feminist Art** Hilary Robinson, Maria Elena Buszek, 2019-10-22 Original essays offering fresh ideas and global perspectives on contemporary feminist art The term feminist art is often misused when viewed as a codification within the discipline of Art History a codification that includes restrictive definitions of geography chronology style materials influence and other definitions inherent to Art Historical and museological classifications Employing a different approach A Companion to Feminist Art defines art as a dynamic set of material and theoretical practices in the realm of culture and feminism as an equally dynamic set of activist and theoretical practices in the realm of politics Feminist art therefore is not a simple classification of a type of art but rather the space where feminist politics and the domain of art making intersect The Companion provides readers with an overview of the developments concepts trends influences and activities within the space of contemporary feminist art in different locations ways of making and ways of thinking Newly commissioned essays focus on the recent history of and current discussions within feminist art Diverse in scope and style these contributions range from essays on the questions and challenges of large sectors of artists such as configurations of feminism and gender in post Cold War Europe to more focused conversations with women artists on Afropean decoloniality Ranging from discussions of essentialism and feminist aesthetics to examinations of political activism and curatorial practice the Companion informs and questions readers introduces new concepts and fresh perspectives and illustrates just how much more there is to discover within the realm of feminist art Addresses the intersection between feminist thinking and major theories that have influenced art theory Incorporates diverse voices from around the world to offer viewpoints on global feminisms from scholars who live and work in the regions about which they write Examines how feminist art intersects with considerations of collectivity war maternal relationships desire men and relational aesthetics Explores the myriad ways in which the experience of inhabiting

and perceiving aged raced and gendered bodies relates to feminist politics in the art world Discusses a range practices in feminism such as activism language education and different ways of making art The intersection of feminist art making and feminist politics are not merely components of a unified whole they sometimes diverge and divide A Companion to Feminist Art is an indispensable resource for artists critics scholars curators and anyone seeking greater strength on the subject through informed critique and debate Queere Männlichkeiten Nicholas Maniu, 2023-04-03 Die zeitgenössische Ikonographie queeren männlichen Begehrens ist das Produkt einer Schichtung und Sedimentierung vergangener Konzeptionen von Geschlecht und Sexualität Nicholas Maniu analysiert ebendiese wechselhafte Diskursgeschichte von tradierten und devianter Männlichkeit sowie Homo Sexualität Ausgehend von der Gedankenfigur des Palimpsests legt er die zwischen Oppression und Emanzipation oszillierende Diskursivierung queerer Männlichkeit dar Von der Pederastie über die Sodomie bis hin zur Pathologisierung verfolgen die Geister der Vergangenheit den homosexuellen Mann bis heute und prägen unweigerlich seine Bilder Queer Curating - Zum Moment kuratorischer Störung Beatrice Miersch, 2022-12-02 Dieses Buch ist für alle die mutig genug sind sich selbst und das Zeigen von Kunst zu stellen Beatrice Miersch entwirft radikal relationale Alternativen zu zeitgenössischen Ausstellungspraktiken Um sich der gesellschaftlichen Verantwortung im Rahmen des Ausstellens von Kunst zu stellen erprobt sie queer feministische kulturwissenschaftliche und selbstreflektierende Methoden in der Praxis und Theorie des Kuratierens Momente kuratorischer Störung werden zu produktiv schöpferischen Momenten der Unterbrechung mit denen sie reflektierte offene engagierte und vulnerable Perspektiven auf das Ausstellen eröffnet und tradierte Strukturen durchbricht **Monumental cares** Mechthild Widrich, 2023-01-31 Monumental cares rethinks monument debates site specificity and art activism in light of problems that strike us as monumental or overwhelming such as war migration and the climate crisis The book shows how artists address these issues from Chicago and Berlin to Oslo Bucharest and Hong Kong in media ranging from marble and glass to postcards graffiti and re enactment A multidirectional theory of site does justice to specific places but also to how far away audiences see them What emerges is a new ethics of care in public art combined with a passionate engagement with reality harking back to the realist aesthetics of the nineteenth century Familiar questions can be answered anew what to do with monuments particularly when they are the products of terror and require removal modification or recontextualisation And can art address the monumental concerns of our present Gaming Utopia Claudia Costa Pederson, 2021-04-06 In Gaming Utopia Ludic Worlds in Art Design and Media Claudia Costa Pederson analyzes modernist avant garde and contemporary video games to challenge the idea that gaming is an exclusively white heterosexual male corporatized leisure activity and reenvisioning it as a catalyst for social change By looking at over fifty projects that together span a century and the world Pederson explores the capacity for sociopolitical commentary in virtual and digital realms and highlights contributions to the history of gaming by women queer and transnational artists The result is a critical tool for understanding video games as imaginative forms of living that offer

alternatives to our current reality With an interdisciplinary approach Gaming Utopia emphasizes how game design creation and play can become political forms of social protest and examines the ways that games as art open doors to a more just and peaceful world     Queer ,19??     *Queer Contemporary* ,2022
