Online Right Kind Crazy Leadership High Stakes:

High-Stakes Leadership Constance Dierickx, 2017-09-22 What makes some leaders so effective when the stakes are high while others fall short Why are some able to not only survive but to lead their organizations to new heights even in risky fast changing times The answer is succinct but multi layered such leaders display courage judgment and fortitude High stakes leadership does not require unnatural powers nor is it predicated on a dangerous situation The three signature character traits can be cultivated by anyone at any level in any organization big or small Organizational and leadership consultant Constance Dierickx describes high stakes leadership in a simple three part model that illuminates the mindsets strategies and tactics leaders must draw upon to make tough decisions take an unpopular stand or ignore convention providing real world examples across a range of sectors and industries Dierickx developed her model of high stakes leadership to help her clients executives at organizations ranging from start ups to nonprofits to large global companies better define what they need to bring strategy to life This she found is the great gulf in business the vast space between idea and results High Stakes Leadership helps leaders sharpen their ability to act decisively with clarity and focus test ideas using reason and course correct as needed be resolute and inspire others to continue even in the face of challenges Leading requires the courage to make conscious decisions about what to do the judgment to separate information from short term trends and the fortitude to remain true to oneself and one's mission When leaders do these things they also become teachers leading their teams by example often without realizing it The essential aspects of good leadership endure even as the environment and tactics change Indeed courage judgment and fortitude are not merely tools for survival they are the means by which we sculpt the future Mars Rover Danielle Smith-Llera, 2017-09-15 Weighing as much as a small car a rover

named Curiosity rolls quietly around Mars Scientific instruments pack its body and cluster at the end of a mechanical arm An arrangement of lenses and instruments tops its mast like a face To the many NASA workers involved in Curiosity's mission on Mars the rover is not simply a robot but an astronaut bravely exploring an alien place Curiosity's instruments collect data and its cameras take images of the Mars landscape including self portraits in vivid color and detail As it roams and explores Curiosity will help find the answers to such age old questions as has there ever been life on Mars Could there be one day
